FATAL AUTO RACE

Two Lives Lost and Records Made on Indianapolis Speedway.

DRIVER OF KNOX CAR KILLED

Borque and Mechanician Caught Under Machine in Crash With Fence—Burman Wins Race. Oldfield Makes Record.

(By Wire to the Morning Star.)

Indianapolis, Ind., Aug. 19.—Two lives were lost and two records broken during the inauguration of the Indianapolis Motor Speedway today. William A. Borque, driver of the Knox car in the 250 mile race, and Harry Holcomb, his mechanician, were killed in the frenzied carnival of speed.

Barney Oldfield, driving a high powered Benz covered a mile in 43 1-10, breaking DePalma's mark of 51, and Louis Chevrolet in a Buick negotiated ten miles in the marvelous time of 8:56 3-10, cutting off Oldfield's time of 9:12. Both of these are now American track marks.

Robert Burman, in a Buick car, won the 250 mile race, the feature of the day and the contest which cost Borque and Holcomb their lives. The winners' time was 4:38:57 4-10—slow because of the many accidents that marred the race. The Stoddard-Dayton (Clements), was second in 4:46:01 8-10, and the National (Merz), finished third in 4:52:39 7-10. Another National with Kinkaid at the wheel was the only other car of ten starters to finish the long grind.

The death of the two men caused the American Automobile Association to issue an ultimatum to the owners of the big track that certain changes must be made by tomorrow, of the sanction for the races will be withdrawn. The Association demands that the track be freed from is many dangerous ruts which are claimed to be unavoidable in a new track, and that every inch of it be thoroughly oiled and tarred. Today only a short portion in front of the grand stand was oiled and the dust on the other parts is blamed for the collapse of two drivers in the long race—Louis Chevrolet and Fred Ellis—who were blinded by the dense white dust that covered the major portion of the track. The Knox car driven by Bourque, was in second place, with Burman in his Buick leading, had covered nearly 150 miles when the crash came. Coming down the home stretch, the car suddenly swerved and tore into the fence at the left of the track, turning completely over and pinning its two occupants beneath it. Both men were alive when taken from under the ill-fated machine, but Bourque died in the ambulance on the way to the emergency hospital. Holcomb lived a few minutes longer.

Albert Denison, the racing partner of Bourque, collapsed after the accident and the services of a physician were required. The sight of the two men lying dead was too much for the friend of both.

Louis Chevrolet, the French driver of the Buick, was led into the hospital almost blinded with the tar and dust from the track shortly after the two men had died. The Frenchman, who led during the early part of the long race, was forced to give up. As the result of the two deaths, the Knox company has withdrawn all its en-

(Continued on Page Eight.)

OUTLINES.

William A. Borque, driving a Knox car, and his mechanician, Harry Holcomb, were killed yesterday during the opening race of the inauguration of the Indianapolis Motor Speedway. The car crashed into a fence near the track and the occupants were caught beneath it. Robert Burman, driving a Buick car, won the 250 mile race, and Oldfield broke DePalm's record ——Seven cadets were yesterday dismissed from West Point Naval Academy by direction of President Taft for hazing Rolando Sutton, brother of Lieut. Sutton, of the marine corps—— At the aviators' contest at Rheims, France, yesterday three flying machines were in the air at one time and all made phenomenal flights. Glenn H. Curtiss won applause for the most dramatic feature, the American skillfully avoiding collision with another machine——In Coffee county, Ga., Wednesday night Miss Mattie Graham was brutally murdered and robbed ——At McKee's Rocks, Pa., yesterday, 3,000 strikers fired 100 shots in an effort to laud strike-breakers from the Pressed Steel Car Company. They were dispersed——Maryland's first case of pellagra is under treatment at a hospital——In New York yesterday a man who could not remember his own name was admitted to Bellevue hospital——New York markets: Money on call steady 2 1-4 to 2 1-2, ruling rate 2 1-4, closing bid 2 1-4, offered at 2 12; spot cotton quiet 12.80; flour unsettled with a jobbing trade; wheat weak, No. 2 red new 1.09 nominal elevator and 1.12 3-8 f. o. b. afloat; corn easy, No. 2 mixed 80 1-2 nominal elevator and 81 nominal delivered; oats barely steady, mixed 48 nominal; turpentine firm at 55, rosin steady, strained common to good 3.35.

TOR[illegible] WAVE HAS BROKEN

Sections Which Have Sweltered In Intense Heat Visiting by Breezes Pensacola Has Hot Weather and Storm—One Death.

(By Wire to the Morning Star.)

New Orleans, Aug. 19.—The hot wave which has held the southwest in its grasp for the past four days has apparently been broken. Tonight those sections which have sweltered under the torrid heat, in many places unprecedented in the intensity were visited by cooling breezes. In some parts of Louisiana and Mississippi the wind assumed almost the proportion of a gale in many instances accompanied by electrical storms.

Today the heat wave was central over Mississippi and a portion of Louisiana. There was a decided drop in the temperature in Texas and Arkansas. In numerous towns in Mississippi and some in Louisiana the mercury soared above 100 degrees.

Baton Rouge, La., reported a maximum temperature of 110 degrees. The thermometer registered 105 degrees at Hattiesburg, Miss.

Only one death was reported in New Orleans today as a result of the heat, William Schillenkamp. There were a number of prostrations.

Intense Heat at Pensacola.

Pensacola, Fla., Aug. 19.—Ten thousand dollars will not cover the loss to wholesale merchants during today and yesterday on account of the death of fine horses and mules which dropped while in the harness, due to the intense heat. Fully thirty head have been lost in this manner while others are in bad condition.

A. M. Smith, a carpenter, was prostrated this morning and is in a serious condition.

Severe Storm at Pensacola.

Pensacola, Fla., Aug. 19.—A severe electrical and wind storm passed over this city this afternoon, the wind attaining a velocity of 62 miles an hour and causing vessels in the harbor to drag their anchors, while lightning struck the city power house and caused an interruption in traffice of two hours. The Osceola club house was struck and badly damaged while several other buildings suffered slight damage.

Exterminated Boll Weevil.

Houston, Texas, Aug. 19.—Reports from many sections of this State indicate that the extreme heat of the past few days has not injured cotton in Southern Texas but has practically exterminated the boll weevil, so that the late crop will be improved rather than injured. Heat has caused the weevil to fall off on the ground by thousands.

Dallas, Texas, Aug. 19.—Charles Grary, of Goshen, Ind., who was prostrated by heat here yesterday, died today.

At Roanoke, Va., yesterday Judge Staples, of the Corporation Court, ordered a local option election for Roanoke on September 30 next. The "wets" opposed granting the election and will appeal to the Supreme Court. The appeal cannot, however, postpone the election.

STRIKERS FIRED ON WORKMEN

More Than 100 Shots Fired at Pittsburg Steel Works—Men Determined Against Strike-breakers—Troops on Scene.

(By Wire to the Morning Star.)

Pittsburg, Aug. 19.—Three thousand strikers lined the banks of the Ohio river and men in the crowd fired more than 100 shots from pistols when the Pressed Steel Car Company at McKees Rocks landed 50 more imported men from the steamer P. M. Pfeil today.

A detail of 10 troopers of the State constabulary in command of a sergeant, all mounted, sallied from the plant as the boat pulled near the landing place and held the strikers in check and dispersed them. No one was injured.

Deputy sheriffs today arrested an imported working man from Philadelphia, on a charge of breaking windows inside the plant of the car company. After his arrest the workingman informed the sheriff that his reason for breaking the windows was simply to get out of the plant as every request he had made of superintendents to be permitted to go outside had been refused. The arrested man also said he, with 200 other men, had been hired in Philadelphia, as well as about 700 men in New York, and had been told they were to work in an open plant as riveters and heaters.

On the strength of the charge made by the man, Sheriff Gumbert, of Allegheny county, officially investigated the justness of the complaint.

The strikers say that they have witnessed the efforts of the imported working men to pass guards stationed at the gates of the car plant and have seen the imported men beaten back by clubs.

The sheriff stated tonight that his deputies were at the plant for no other purpose than to protect property. The sheriff also claimed that his investigation of the charge of the arrested working man proved to be without foundation in fact.

A DRAMATIC FLIGHT

Glenn H. Curtiss Wins Applause With His Aeroplane.

AVERTED COLLISION IN AIR

Three Flying Machine Aloft at One Time in Aviators' Contest in France—American Made Wonderful Flight.

(By Wire to the Morning Star.)

Rheims, Aug. 19.—The American aviator, Glenn H. Curtiss, at sundown today, added a dramatic feature to the trial flights of the aeroplanes entered for the contests of aviation week by skilfully guiding his machine above another aeroplane and averting a collision in the air that seemed imminent.

The feat was accomplished when, for the first time in history, three heavier than air craft were maneuvering at the same time. All were flying rapidly when suddenly Curtiss saw M. Dumanset in an Antoinette monoplane approaching at right angles and on the same level with him. As quick as a flash Curtiss realized the danger, and, elevating his planes, his machine instantly shot upward and soared safely over the Frenchman. The thousands of spectators who lined the aerodrome watched the maneuver with bated breath, but when they saw it successfully and brilliantly carried out they applauded the American wildly. The third machine in the air at this time was that of M. Tissandier.

The wind which had been master of the aeroplanes for two days, suddenly died out at sundown and the aviators rushed to the sheds and dragged out their machines.

Count de Lambert, on a Wright model, was the first of the aviators to start and made a complete circuit of the aerodrome. M. Tissandier, also on a Wright bi-plane, followed him.

Then the Curtiss machine, looking smaller and more compact than the others, was placed in position for a flight. Curtiss still was limping and used in walking a gnarled stick, but like M. Bleriot, who before crossing the English channel in his monoplane threw aside his crutch, Curtiss mounted the seat of his bi-plane unencumbered.

"Where will you land?" he was asked.

"Right here," answered Curtiss, and smiling, he started his motor. After a short run over the ground the aeroplane ascended and made a wide turn and then described evolutions back and forth over the aerodrome.

Meantime M. Dumanset had started across the field in one of the Antoinette machines. Suddenly it seemed to the crowd below that a collision between him and Curtis was inevitable but the American proved a quick thinker and gracefully swerved his aeroplane upward and steered it safely over that of Dumanset.

Curtiss, true to his word, landed without accident at place of starting after having been in the air four minutes. The altitude reached by him was 150 feet, 50 feet higher than any of the others.

Count de Lambert and M. Tissandier each made flights of 12 minutes during the evening and Hubert Latham took a few short spins about the course and was given an ovation by the spectators. M. Bleriot came out on the field with his monoplane but darkness prevented his making a flight.

Mr. Curtiss tonight joined the other experts in a statement to the effect that aviation is a fine weather sport but that people must not expect flights to be made in all sorts of weather.

Personally, Mr. Curtiss said, he did not intend to take any risks. He has decided not to enter the passenger carrying test, as he has no hope of defeating Bleriot in it. He intends, instead to devote himself to the speed contests.

Wrights Sue Curtiss.

New York, Aug. 19.—Wilbur and Orville Wright, the aeronauts, today entered suit in the United States Circuit Court here against the Aeronaut Society of this city, charging infringement of patent rights on their aeroplane inventions. The Wrights complain that the society procured from the Herring-Curtiss Company, and from Glenn H. Curtiss, flying machines alleged to infringe the Wrights' patents, secured by Curtiss to give public exhibitions for which an admission fee was charged.

TUNNEL FULL OF GAS

Several Workmen Made Narrow Escape From Suffocation.

(By Wire to the Morning Star.)

Lynchburg, Aug. 19.—An effort was made today to enter the Southern Railway tunnel, which was partially destroyed by fire last week, but it was found to be filled with carbonic gas. Several workmen who were trying to cut a hole through the bulkhead at one end of the tunnel were overcome by the gas and one of them nearly lost his life. There seems to be no doubt but the fire is out, but the tunnel cannot be entered before tomorrow. The dead gases are being forced out tonight by compressed air.

WEST POINT HAZERS

President Taft Dismisses Seven Cadets For Hazing Sutton.

BROTHER OF LIEUT. SUTTON

A Shake-up at United States Military Academy—President Supports Col. Scott In Carrying Out Rigid Discipline.

(By Wire to the Morning Star.)

West Point, N. Y., Aug. 19.—For being involved in the hazing or Rolando Sutton, a brother of Lieut. James N. Sutton, Jr., U. S. Marine Corps, whose death at Annapolis two years ago has just been investigated, seven West Point cadets were dismissed from the United States Military Academy today by direction of President Taft.

The cadets ordered to be dismissed are John H. Booker, Jr., of West Point, Ga., first class; Richard W. Hocker, Kansas City, Mo., third class; Earl W. Dunmore, Utica, N. Y., third class; Chauncey C. Devore, Wheeling, W. Va., third class; Gordon Lefebvre, Richmond, Va., third class; Albert E. Crane, Hawarden, Ia., third class; Jacob S. Fortner, Dothan, Ala., third class.

The action of President Taft and Secretary Dickinson in directing the dismissal of the cadets appointed by the official of the army and the civil officials of that Department is a clear indication of the purpose of the administration to fully support Colonel Scott, the superintendent of the United States Military Academy in his effort to eradicate the practice of hazing in all its phases from student life at the academy.

When it first became known that evidence of hazing had been found in the investigation of the Sutton case and that seven had been convicted for a defense by an army board, pressure was brought to bear on the President and Secretary of War for leniency. While it is admitted by the friends of the accused that they should be punished, it was argued that their offense was but a boyish prank and not sufficiently serious to subject them to the odium of dismissal from the service at the very outset of their career. That these appeals were ineffectual is accepted as demonstration that the President means to follow the letter of the law bearing on such cases by imposing penalty of dismissal.

The text of the order of dismissal has not yet been made public, but it is known who the cadets are.

The offense charged is hazing, or specifically, violation of section one, article 12, of the regulations of the Military Academy.

On the morning of June 14th last Cadet Rolando Sutton, of the fourth, or plebe class, reported sick and was ordered to the hospital, badly bruised and suffering great pain. He did not report duty again until 23 days later and his case immediately became a matter of concern to the upper classmen when it was seen that the authorities proposed to dig to the bottom of it.

Before the Board of Investigation, which was ordered, Sutton, true to the unwritten code of the corps, proved a most reticent witness. Sutton's testimony, as transcribed on the records has no been given out, but the gossip of the tents has been that, though he gave a complete narrative of his adventures on the night of June 13th, he professed to have been unable to recognize any of his assailants.

One hundred and fifty-seven witnesses—a large fraction of the total enrollment of the Academy—are understood to have been commanded to tell all they knew. The findings were then forwarded to Washington where they were given the closest attention and twice returned to West Point for further elucidation as to specific details. When the last point of doubt had been made clear the War Department, with the approval of President Taft, took the decisive action announced here today.

The broadly spread understanding here is that Sutton was "booed" by a sheeted ghost, and that when like a stout fisted Westerner—he was appointed from Oregon—he defended his personal dignity and his duty so effectively that the ghost was glad to take to the woods, a relief party of Hobgoblins descended on him with tent pegs and beat him into subjection.

Throughout the investigation Sutton's tact and loyalty to his fellow cadets have won him high popularity.

MEXICANS ARRANGE FOR TAFT

Meeting of The Two Presidents at El Paso Will Be Big Event.

(By Cable to the Morning Star.)

Mexico City, Aug. 19.—The erection of a platform from which 50,000 persons can see President Diaz and President Taft clasp hands and the singing of the National anthems of both countries by hundreds of Mexican and American school children will be the feature of the meeting of the two Presidents at El Paso and City of Juarez, on the International border, October 16th, according to the statement of Congressman Ignacio de LaBarra, today.

MILLION IN COUNTERFEIT

Brothers Made Spurious Mexican Coin in Louisville—Their Plans to Become Wealthy Was Shattered by Officers.

(By Wire to the Morning Star.)

Louisville, Ky., Aug. 19.—Dreams of wealth centered in a brass bound trunk containing a million dollars in counterfeit Mexican posos were shattered for John and Marion Roberts, brothers, here today, when Deputy United States Marshal William Blaydes arrested John Roberts in Shelby county with the money in his possession.

Since Roberts' arrest this morning there has been unraveled in the custom house of Louisville and in Central Police station a remarkable tale of attempted financial buccaneerings, rivaling some of the boldest exploits in the making of spurious currency.

John Roberts, sitting in the office of the secret service bureau here, today coolly said that he would plead guilty at the October term of the Federal court and seemed resigned about spending a majority of his years in the Federal prison at Atlanta, Ga. He had only wanted to get rich, he said.

It was through Marion Roberts that the counterfeiters were apprehended and their plan to defraud Mexico of $1,000,000 exposed.

Marion Roberts some days ago offered a Louisville broker high commissions to dispose of some Mexican money for him. The broker notified the chief of police who enlisted secret service men and the trap to catch Marion Roberts was successfully sprung. Since Marion Roberts' arrest on Monday, the police obtained from him the information which led to the descent upon his brother at Simpsonville today.

When Blaydes confronted John Roberts in the hamlet in Shelby county the chief counterfeiter admitted that he was behind the plan to dispose of the imitation 100 poses notes through the broker. He showed Blaydes the trunk which will Roberts was brought to Louisville today. Roberts who is in jail in default of $15,000 bond, said that had a perforating machine and a device to number the bills reached him when he had expected. he would have been in Mexico a week ago. The Roberts are sons of a former judge in this city.

William Kneenig, a printer, has also been arrested in connection with the case.

HURT IN AUTO ACCIDENT

Machine Turned Over on Griffith Eldridge and Companions.

(By Wire to the Morning Star.)

Americus, Ga., Aug. 19.—Driving his touring car at high speed Griffith Eldridge, young son of Vice President Eldridge, of the Bank of Southwestern Georgia, was severely injured this afternoon when the automobile turned completely over, falling upon young Eldridge and five companions.

Unless hurt internally young Eldridge's injuries are not necessarily fatal. All the other occupants of the automobile received injuries.

LADY MURDERED FOR MONEY

Skull Was Crushed and Dragged From Residence to Branch Half Mile Away—Supposed Murderers Are Arrested.

(By Wire to The Morning Star.)

Broxton, Ga., Aug. 19.—News has just reached here of the murder of Miss Mattie Graham, which occurred some time during last night near her home, two miles north of Hokesboro, in Coffee county. The woman was dragged to a branch half a mile from her house, where evidences of a desperate struggle ensued. The body was beaten and the skull crushed.

The object of the murder was evidently robbery, as she was a rich woman. An autopsy, however, may reveal evidence of a more serious crime. She was prominent and highly connected. Miss Graham was one of two maiden sisters who occupied their home alone. The other sister was away from home at the time of the murder.

Sheriff Dave Dicketson was at once notified and in company with the coroner went to the scene of the crime.

Supposed Murderers Arrested.

Douglas, Ga., Aug. 19.—Sheriff Ricketson late today arrested William McLeod, a youth who is employed on the Graham farm and under a strict examination he confessed to knowing where the body had been hidden, although he denied having murdered the woman. He was placed in Douglas jail. A. B. Carter, another white tenant, was also arrested.

Another Fine Concert.

At Lumina next Sunday night. The programme will consist of Overture "William Tell," grand selection from "Il Trovatore;" "The Lights of Lumina;" "Roses Honeymoon;" "Paderewski's Minuet;" "A Day With the Circus," and others.

See Rehder's big store for everything—Fourth Street Bridge.

KEEP UP WINNING

Rocky Mount Railroaders Again Easy For Sailor Crew Yesterday.

DOUBLEHEADER FOR TODAY

First Game at 3 o'clock—Goldsboro and Raleigh the Winners on Other Diamonds Yesterday. Ross Joins Sailors.

Results Yesterday.

Wilmington 3, Rocky Mount 0.
Raleigh 8, Wilson 4.
Goldsboro 2, Fayetteville 1.

Where They Play Today.

Wilson at Raleigh.
Fayetteville at Goldsboro.
Rocky Mount at Wilmington.

Standing of the Clubs.

	W.	L.	Pct.
Wilson	43	34	.558
Wilmington	43	38	.531
Goldsboro	41	38	.519
Fayetteville	40	38	.513
Raleigh	41	40	.506
Rocky Mount	29	49	.372

Rocky Mount was again easy for Wilmington yesterday afternoon and the Railroad crew went down in defeat before the Marines by the score of three to nothing. Howard and Waymack were the opposing moundsmen and each allowed only five hits. The game was played in exactly 70 minutes, which probably breaks the record for the season. While the play was listless after the Sailors had pushed three men around the corners in the second and third innings, there was no evidence of a "lay-down".

Notwithstanding their hard luck and loss of inspiration by reason of their league standing the Railroaders went in gamely and it is safe to say they are as clever a lot of players as there are in the circuit today and will make somebody look wise when they return to the game next season. Murray got his usual single to left after the first two were down in the first inning yesterday and stole second but Farrell flew to Lohr. Nichols, first up for Wilmington, was out third to first on close decision; Guerrant was safe on error of second, stole second and went to third on wild pitch, after which Sharp walked and stole second, but Brodie fanned and Brennan flew to left.

In the second the Railroaders were out in order and Wilmington put two over in its half when Jayes walked and took second on wild pitch, advancing to third on Lohr's single, scoring when Lohr stole second; then Lohr took third on bad throw to second and scored on Kite's long fly-out to centre; Howard was out second to first and Nichols flew to second. It was one, two, three for Rocky Mount in the third and Wilmington added another when Guerrant was safe on error of second, was sacrificed by Sharp and scored on Brodie's single to right, Brodie going to second on the throw-in; Brennan hit to short and Bordie was caught between second and third, Brennan going on to second; Jayes hit to third, out at first and Brennan was thrown out at home.

In the fourth after Krebs flew to short and Murray to left, Farrell hit safe to short and went to second on error; Thorpe hit to short and was safe on wild throw but Farrell was caught at home. The remaining innings were not interesting, each team going out in one, two, three order with an occasional single to no avail.

The Tabulated Score.

Rocky Mount	AB	R	H	O	A	E
Lambert, ss	3	0	0	4	3	0
Krebs, cf	4	0	0	2	0	0
Murray, 2b	4	0	3	2	4	3

SHOT HIMSELF IN SELF DEFENSE.

The Sutton case seems to be settled so far as the Nevy Department is concerned. It approves the finding of the Naval Court which decided that Lieutenant Sutton either committed suicide or shot himself while attempting to shoot some three or four naval toughs who were unmercifully beating and kicking him.

We reject the suicide theory, because it is absurdly incredible that Lieutenant Sutton would join his kickers and cuffers in their apparent effort to make an end of him. If he shot himself while he was struggling with three or four merciless cowards, it certainly relieves him of the stigma of suicide and brings it down to a case of self-defense that we have no doubt would have been universally approved if he had shot one of his brutal assailants instead of himself.

Whether Sutton committed suicide or killed himself while attempting to defend himself, the evidence before the Naval Court showed that he was out with a set (not comrades) so cowardly and brutal that all took a hand in beating and kicking him. Men like that, young or old, ought not to find any place in the Navy of the great American Union—unless the position of dog-pelter is recognized in the service.

The Navy Department should have had enough sympathy with Lieutenant Sutton's distressed and high-minded mother to have found that he shot himself in self-defense, or at least expelled from the Navy three or four men who were so cowardly as to jump on one man. The Navy Department may acquit the ruffians, but the American people will not. Certainly the Department should not hold out the idea that Lieutenant Sutton had sufficient provocation to commit suicide because he was the under man in a fight with enough men on top of him to beat him to death.

THE FLY KILLER GREATER THAN THE BIG GAME SLAYER.

The house fly should be doped while he is in sight. The enemy should not be allowed to escape when he is in sight. The Government health department has convinced us that the fly is one billion times meaner and more dangerous than he was ever believed to be. He, she or it is a scavenger on the outside, but its meanest trait is to come into the house with out wiping its feet so he can take a bath in the cream pot, go swimming in a cup of coffee, or commit suicide in the soup.

It has been proven on the house fly that she destroys millions of human lives by being the disseminator of disease germs. People should not forget this and should never forgive the fly. Roosevelt may think it's a big thing to put a tiger out of business, to slay a lion, kill an elephant, down a rhinoceros, make a giraffe take in his horns, or make a selve out of a rabbit with a load of shot, but he is not in it with the man who makes war on the fly and all of his relations. One is working for humanity and one is indulging a morbid propensity to lay something low or take off the hide of whatever crosses his path.

People everywhere ought to follow the instructions of the health conservers in making war on the fly. The health authorities of Wilmington have been endeavoring to co-operate with the Washington authorities in destroying the pernicious fly, but are the people of Wilmington co-operating with the health authorities? If not, they should have a talk with and get full instructions from Dr. Joseph Akerman, City Superintendent of Health.

The more flies we kill now the less we will have next Summer.

ASHEVILLE'S LOOTED BANK.

In his testimony at Asheville on Wednesday Major Breese, president of of the failed First National Bank of that city, testified that his bank was a borrower of money because it could get money at 5 per cent and loan it at 8 per cent.

Most any of us could get rich by that process if we didn't spend more money than we can take in by borrowing, with the 8 per cent. added. If the bank had plenty of borrowers—and it seems to have had more customers than it could accommodate—it ought have made money instead of going to the wall.

The fact of the business is dishonesty or speculation caused the assets to disappear, and probably the trial now going on at Asheville will disclose the cause of the bank's failure and uncover the party or parties guilty of the looting or wreckage of the istitution.

It seems that the bank violated the State usury law by charging more than the legal rate of interest, and also in several particulars, violated the National banking laws right under the noses of the government's bank examiner and the directors.

Banks seem to need directors who direct and examiners who examine. However, a politician is not expected to make as good an examiner as an expert accountant familiar with the value of securities and possessing a knowledge of bookkeeping of all kinds.

By the way, the Asheville bank went to the wall 12 years ago, a circumstance which indicates tnat the Federal courts are also slow.

AFTER THE REFORMERS.

The Laurinburg Exchange remarks: "Did you ever notice that the modern reformer never thinks he has done anything until he gets a seat in the United States Senate?"

True reformers are all right, Brother Polly, but there are a whole lot of men who imagine that they are reformers. Others are fakers who take advantage of a reform tide in order to get where they want to go. However, and also dog-grammit, we have never seen the underside of the earth where it has ever been turned over by some alleged reformers after they got all they wanted out of it.

No doubt the Exchange is hinting at the political r-e-f-a-w-m-e-r who sneaks around to the peoples' gatherings and makes more noise than some whickering mule at a country picnic.

WHITEVILLE'S PAPER.

A paper like the Whiteville News-Reporter is worth a great deal to a county. The editor and his correspondents rake Columbus county for the news and the doings of the people and they seem to get all that is going on. Besides publishing a good weekly newspaper Editor Larry Gantt is doing a work of incalculable value in encouraging better farming and in promoting every other interest in the county. He is a good asset for Columbus.

The consumer who votes for a party which unreasonably taxes him for the benefit of the manufacturers of the products which the consumer consumes, would be comparable to Lieutenant Sutton, who, that Naval Court would have us believe, lent a helping hand to his assailants by killing himself.

A writer suggests that "harmony between a woman and her husband will be assured if, when one is angry and critical, the other should laugh." That writer seems to forget that some people get madder and madder and madder the more you laugh. The thing won' work.

In an interview a New York burglar says there is no money these times in the burglary business. Perhaps it is the burglars who have changed their business and gone into politics where grafting pays better.

Fort Worth, Texas, a few days ago reported the temperature as high as 120. The Texan doesn't have to go to it. It comes to him.

"What can the consumer do?" inquires a Georgia paper. In a great many instances we will have to do without.

What if Methuseleh had been a woman?" inquires a contemporary. Rats!

CURRENT COMMENT.

—Georgetown is going to beat us to the street railway, but then walking in Georgetown is not as good as in Florence.—Florence Times.

—The proposition for a reunion of the survivors of the battle of Big Bethel, during the meeting of the Confederate veterans, in Charlotte, next week is an attractive one. A peculiar honor attaches to participation in that famous battle and it is to be hoped that the survivors will attend the Charlotte reunion in full force.—Charlotte Chronicle.

—Of All the extraordinary incidents that occur around this city, the most extraordinary and unusual happened in the postoffice Thursday night about 9 o'clock. Mr. Furman Tisdale night clerk at the postoffice, opened the back door of the office, and a nice fat 'possum walked in. He was so well pleased with his new quarters that he utterly refused to depart, and consequently the door was closed upon him and he spent a pleasant night's rest behind a box. He is now under arrest for forcing his way into government premises, and will very probably be held pending the arrival of President Taft in this State in November.—Sumter (S. C.) Watchman and Southron.

—It was hard on the women and the children at home during the war. But possibly the severest test came the year and eighteen months following the surrender. Mr. J. W. Sigmon, of Machpelah, Lincoln county, while conversing with the local editor Friday, told of real hard times in '65 and '66. When he returned from the war to his home on Ball's Creek, near Catawba, he found his wife and three small children with no stock except one hog. It was June and too late to start a crop. He was a carpenter and wheelright and worked at his trade making enough to support his family ever winter. He then bought a mule of Dr. A. M. Powell for $100. Corn was scarce and selling at $1.50. Wheat bread was a rarity. He says he shelled the corn he bought, beat the cobs fine and soaked them in salt water and put on his corn bran. This with a little roughness and weeds and grass was his mule's feed. But he made a good crop. Mr. Sigmon is in his 78th year and was a member of the famous Company I, Forty-ninth Regiment.—Catawba County News.

TWINKLINGS.

—Howard—He's crazy on the subject of aerial navigation. Hattie—A balloonatic.—New Milford Gazette.

—Mrs. Fixem—I don't see what you men find in your club. Mr. Fixem—It's what we don't find.—Ally Sloper's.

—He—Marry—No! I propose to remain single. She—Isn't that a funny reason for proposing?—Boston Transcript.

—Stranger—Is this Dawson's farm? Boy—Yes, sir. Stranger—Where's the milkmaid? Boy—In the cow, sir.—Boston Transcript.

—Fat Man—What? Are you going to let the small boy shave me? Barber—Let the boy have his fun for once. It's his birthday, sir.—Flegende Blaetter.

—Passerby—Here, boy, your dog has bitten me on the ankle. Dog Owner—Well, that's as high as he could reach. You' wouldn't expect a little pup like him to bite your neck, would yer?—Pearson's Weekly.

—Greensboro, Aug. 18.—W. F. Hancock, secretary of the State Pharmaceutical Association, arrived here tonight from Lexington, where he had been as a representative of the association in the prosecution of Charles Thomas, a druggist of Thomasville, indicted in four cases in the Superior Court for violating the State law forbidding the sale of cocaine to habitues. Express agents and purchasers of cocaine from Thomas, from several points in the State, were present as witnesses. Thomas plead guilty in all four cases. Judge Long fined the defendant $85 and costs, amounting to $200 and required a $1,000 bond, conditioned that defendant make his appearance at future terms of court and show that he had not further violated the law. The State association worked up this case, and it was not generally known until this prosecution that there was such a statute. The judge's sentence, Mr. Hancock says, was very lenient in fact of the fact that men are being sent to the roads all over the State every day for selling the less damaging articles of whiskey and beer. Secretary Hancock says he has been authorized by the association to ferret out and prosecute all such cocaine sales and has under investigation several other suspected shippers and sellers of cocaine to habitual users, who, when sufficient evidence is obtained, will be relentlessly prosecuted.

Washington's Plague Spots

lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and ague, billiousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c. Guaranteed by R. R. Bellamy.

For indigestion and all stomach trouble take Foley's Orino Laxative as it stimulates the stomach and liver and regulates the bowels and will positively cure habitual constipation. Robert R. Bellamy.

HER PHYSICIAN ADVISED

Taking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound during change of life. My doctor told me it was good, and since taking it I feel so much better that I can do all my work again. I think Lydia E. Pinkham's Vegetable Compound a fine remedy for all woman's troubles, and I never forget to tell my friends what it has done for me."—Mrs. E. HANSON, 304 East Long St., Columbus, Ohio.

Another Woman Helped.

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—MRS. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

"A HAVEN OF REST"

That's the exclamation a lady made recently as she was leaving our store. It was a very sensible remark too.

This "Haven of Rest" is for YOUR use, ladies and gentlemen.

Say to your friends: "Meet me at Buntings" "At the Time Appointed" and they will surely be there. The nicest Ice Cream (peach, Fig, Vanilla and Chocolate), and most delicious Soda Fountain Specialties, and the most fragrant cigars in the country to refresh yourselves with while indulging in your confidential chat.

These "Round Table Talks" "At Bunting's" are becoming quite popular and you are invited to use the "password" "Meet Me at Bunting's."

Now Is the Time to Advertise in The Star.

Attractive Variable Route—Excursion Fares by the ATLANTIC COAST LINE.

The Atlantic Coast Line has issued a folder announcing attractive excursion fares to a number of Eastern resorts, including Niagara Falls, Montreal and Quebec, going and returning by the Atlantic Coast Line as far as Washington, but by widely variable routes north of that city, that is, a passenger can select almost any route from Washington to destination and return by almost any other regular route.

These rates open up a new method of traveling and will no doubt be largely patronized, as New York, Boston and nearly all the Eastern resorts can be reached by one of these "Variable Routes," or what may be more properly termed "Circular Tour," tickets especially as liberal stop-over privileges will be allowed.

One of the folders giving the routes in detail with rates and other information may be obtained by calling on or addressing the undersigned.

DO YOU PATRONIZE HOME INDUSTRIES?

Those of you who have been making your purchases away from Wilmington should think before patronizing mail order and houses away from home any further.

Who sympathized with you when your little girl was sick? Was it the mail order house?

Who carried you last winter when you were out of a job and had no money? Was it the mail order house or was it your home merchant?

When you want to raise money for the church or for some needy person in town, do you write to the mail order house, or do you go to your home merchant?

How much does the mail order house give towards keeping up sidewalks or paying the minister's salary?

When you were sick how many nights did the mail order house sit up with you?

When you had to raise money to pay your gas bill, did you get it from the mail order house or a home merchant or contractor?

When your loved one was buried, was it your home merchant who dropped the tear of sympathy and uttered the cheering word, or was it the mail order house?

LUMBER AND SHINGLE MILLS

The largest stock of cypress shingles carried in the State. We always have over a million in stock.

We make 13 different grades and sizes, varying from $2.00 to $10.00 per M. Our shingles are recognized in the Northern Markets, as well as in the West Indies, as the very highest standard, both in grade and manufacture. "We have a standing guarantee that " we give (2) good ones for (1) bad one."

Don't buy any shingles that do not have W. W. Koch in large type on every bundle.

We do not dip the ends of our shingles in red ocre to hide windshakes and other defects. Don't buy until you get our prices and compare the shingles. We make and dispose of 20,000 shingles per day.

We furnish all the shingles for the government at Fort Caswell, ours being the only shingles that stand government inspection.

AN INDIAN MURDERER.

His Fearful Punishment by a Primitive Mexican Tribe.

Speaking of primitive law among the Mexican Indians brings to mind a curious case that was told me some years ago in the state of Oaxaca by an old Zapoteca chief who had become a convert to Christianity.

He said that a long while ago an American botanist was traveling through the mountains of Oaxaca studying the rare and beautiful flora of that region. He had with him a mozo from another part of the country.

He carried several gold pieces sewed in the lining of his jacket. The mozo became aware of that fact, and one day when the botanist got down on his knees to drink at a little spring the mozo cut his head off with a machete, took the gold pieces and fled to the higher sierras.

Not long after the body was found by some Zapoteca Indians who had seen the botanist in former days studying the flowers and plants near their village. They knew that he was a harmless and good man because he loved flowers. All Mexican Indians love flowers. So they took the body to the chief and told him what they had seen and found. "What!" he said. "Shall the kind stranger with the white face who loved flowers and sought not our goods nor insulted our women come to such a dog's death among us and not be avenged?"

He then dispatched four swift Indian runners in different directions with orders not to return without the murderer. After a week's time they returned bearing the malefactor bound in their midst. A council of old men was called, and the case was examined. The guilt of the mozo was proved, as he still had with him the strange pieces of gold.

Then the old chief gave the sentence. It was speedily performed. They led the trembling murderer to the center of the little plaza. There four green stakes were driven in the ground. The murderer was stripped naked and stretched by the wrists and feet in the air among the four stakes, to which he was lashed. Then the Indians made a great heap of unslaked lime under the wretched man's body, and when the heap touched his breast and sides they poured water over it until the scalding steam of the burning lime had cooked all the flesh from the bones. Then they took the bones and threw them into a hole on the mountain side.

And so was the stain of the murdered man's blood covered and vengeance was wrought by the Indians in behalf of "the white stranger who was good and loved flowers."—Mexican Exchange.

Art In Selling Hats.

"It makes you look small," says the saleslady to the big woman who is trying on the hat. Sold.

"It makes you look plump," she says to the slender woman. Sold.

"It makes you look young," she says to the obviously middle aged woman. Sold.

"It makes you look tall," she says to the short woman. Sold.

"It makes you look short," she says to the tall woman. Sold.

"It brightens your face," she says to the dark woman. Sold.

"It brings out your color," she says to the pale woman. Sold.

And all the hats were alike.—Judge.

Waiting Her Choice.

"But," pleads the ardent young millionaire, who has secured the license to marry the beautiful chorus girl, "why should we postpone our marriage for two weeks? We can just as well run around to the minister, have the ceremony performed and start on our honey"—

"It looks all right from where you sit," she interrupts him. "But I wouldn't even get a look in for press notices if I got married this week while all those grand opera stars are taking up the space. Pet, the best wedding notice we'd get would be a line in the vital statistics."—Chicago Post.

Caught Bending.

Professor Cube Root's class of geometrical geniuses were receiving instructions. They were first taught that a circle was a thing like this—O. They then learned that a straight line was one without wabbles in it, so ——.

"Now, boys," said Professor Root, "can any of you describe to me what a half circle is like?"

Up shot half a dozen grasping hands.

"Well, Teddy," said Professor Root, "let's hear your definition of a half circle first."

"Please, sir," answered Teddy, "it's a straight line caught bending."—London Express.

Knew He Was Safe.

"You seem to be going home in a very cheerful manner for a man who has been out all night."

"Yes. You see, my wife is an amateur elocutionist, and she's saving her voice for an entertainment tomorrow night."—Cleveland Plain Dealer.

As He Remembered It.

"Shadbolt, did you ever have a touch of anything like the appendicitis?"

"Once. Have you forgotten, Dinguss, that when you were operated on for it you touched me for an even hundred?"—Chicago Tribune.

Not His Fault.

Madame.—What do you mean by coming home at 3 in the morning? Monsieur—I ash-shure you, m'dear, iss not my fault. The cafe has only juss shut up.—Illustrated Bits.

To commonplace people the extraordinary seems impossible.—De Retz.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. Angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass is such that she looks forward with dread to the hour when she shall feel the thrill of motherhood. Every woman should know that the danger and pain of child-birth can be avoided by the use of **Mother's Friend,** which renders pliable all the parts, assisting nature in its work. By its aid thousands of women have passed this crisis in safety. $1.00 per bottle of druggists. Valuable book of information to women sent free.

PERSONAL PARAGRAPHS.

—Mr. R. L. Brown, of Cronly, was a business visitor to the city yesterday.

—Mr. J. A. Munn is spending several days at White Lake on a visit to relatives.

—W. P. Mangum Turner, Esq., spent yesterday in Southport on legal business.

—Miss Ruby Whitaker, of Enfield, N. C., is visiting her brother, Mr. J. F. Whitaker, at 213 North Fourth street.

—Mrs. Lizzie Bennett and daughters Misses Edna and Minnie, are spending a few days in Brunswick county on a visit.

—Mr. and Mrs. S. K. Mintz, of Mill Branch, Brunswick county, were in the city yesterday returning home from Wrightsville Beach.

—Yesterday's Raleigh News and Observer: "Mrs. Albert Stockard, of Wilmington, is visiting at the home of Prof. Henry Jerome Stockard."

—Among the guests at The Orton yesterday were: J. T. West, Rockingham; W. M. Fallor, Charlotte; L. R. Maxwell, Whiteville; W. W. Joynes, Elizabeth City.

—Mr. Joe Edwards, formerly of this city, but now of Savannah, Ga., with the Atlantic Coast Line, is spending a few days in Wilmington with friends and relatives.

—Mr. L. B. Herring, wife and child, of Augusta, Ga., are spending a few days in the city and at the beach and are being most pleasantly greeted by their Wilmington friends.

—Wednesday afternoon's Fayetteville Observer: "Miss Josie Alexander, who has been visiting the Misses Moore on Cool Spring street has returned to her home at Wilmington."

—Lieut. John J. Hutson, of the revenue cutter Seminole, and bride, nee Miss Sue Catlett, have returned to the city, after spending some time with Mr. Hutson's relatives in Aiken, S. C.

—Mr. J. W. Norwood, of Greenville, S. C., president of the Wilmington Savings & Trust Company, is in the city on a business trip, and is being most pleasantly greeted by many friends here.

—Yesterday's Greensboro Telegram: "Miss S. A. Howard returned last night from a stay of several weeks at the cottage of her son, Mr. Percy Albright, at Wrightsville Beach."

—Mr. and Mrs. George VonOhsen and little daughter, Alma VonOhsen, of Charleston, S. C., are visiting their daughter, Mrs. C. H. Bornemann. Mr. VonOhsen expects to return to Charleston today, but Mrs. VonOhsen will remain here for some time.

—Prof. Washington Catlett, county superintendent of public instruction, left yesterday afternoon for Linville, where he will spend a vacation and from there will go to Hendersonville, to attend the State meeting of the county superintendents.

—Mr. Claude E. Moss, who is pleasantly remembered in Wilmington as having formerly been in charge of the dress goods department of Messrs. J. H. Rehder & Co., and later with Capt. A. D. Brown, is in the city from Durham to spend his vacation. His friends are delighted to see him the picture of health and well pleased with his new location.

At the Bijou Today.

The management of the Bijou announces a very attractive programme for today. The feature pictures will be "Mid-Winter Sports," and "The Little Orphan," or "All Roads Lead to Rome." Both pictures are fully up to the high standard of the pictures shown at this popular amusement resort and the patrons today will be highly entertained.

Saturday shoe day at Rehder's. **

LOCAL DOTS.

—The entire second floor of the Masonic Temple in the rear is being rearranged and re-fitted with offices. Mr. B. H. Stephens is the contractor.

—Joe Hill, colored, who works for Mr. W. B. Cooper, desires it stated that he is not the Joe Hill tried before the Recorder a few days ago on the charge of larceny.

—A handsome granolithic sidewalk is being laid in front of the Crystal Palace, preparatory to the opening of the season on Labor Day. Many improvements are also being made to the interior of the house.

—The attention of the Star is called to an error in yesterday's account of the new school on the Castle Haynes road. It was stated that the new building would be a half mile nearer the city than the old building, whereas it is stated that the new building will be three-quarters of a mile beyond the former location.

—It is understood that the fine entered against Patrolman Leon George in Justice Harriss' court Wednesday for failure to appear in court for service as a juror after being lawfully summoned, will be remitted, the patrolman being out at the time on an important matter for one of the sergeants and intended no offense to the court.

ORPHANS HAD FINE DAY

Guests of Captain Harper at Carolina Beach—Events of Outing.

The visiting orphans had a delightful day at Carolina Beach yesterday as the guests of Capt. John W. Harper and the various entertaining events for their benefit was carried out in a most interesting manner and in the afternoon another concert similar to the one given at Wrightsville was given in the pavilion to a crowd of visitors.

The children left on the steamer Wilmington, which was most graciously tendered them by Captain Harper without any charge, yesterday morning at 9 o'clock, accompanied by a large number of Wilmington people with whom they have been staying. It was a feature day for the orphans and in all there were some 500 people at the resort.

The river trip on the Wilmington both coming and going, also proved delightful for them and while at the Beach during the morning they enjoyed themselves with surf bathing and various games. A basket picnic was tendered them by their Wilmington hosts, who accompanied them on the outing.

The concert was given in the afternoon at 4 o'clock and was carried out in a most entertaining and creditable manner. The children reached the city last night on the steamer at 7:30 o'clock.

This will be their last day in the city and for this evening the concluding event will be an excursion down the river arranged for them under the auspices of the Daughters of Rebekah. Captain Harper has most generously consented to give the boat without any cost to that organization and the money realized from the trip will be turned over to the orphanage and expended in furnishing a room in the new Jacobi Memorial Building.

The boat will leave on the outing at 8 o'clock and the public is cordially invited. The children will leave tomorrow morning on the return home.

ROCKY POINT PICNIC

Gathering Addressed by Col. Joseph E. Robinson.

(Special Star Correspondence.)

Rocky Point, N. C., Aug. 19.—The picnic has passed off extremely pleasant and a large crowd was present from several counties. During the day there was music and dancing and a magnificent dinner was spread on the Academy grounds. Lemonade and other refreshments were served free.

The large assembly was addressed by Col. Joseph E. Robinson, of Goldsboro, his theme being, "Life and Its Ideals," and it was most ably handled. It was utterly devoid of politics and was eagerly heard by everyone. In a peroration on North Carolina he spoke of our grand old Commonwealth, "As the classic State of English America, and the mother earth of American liberty."

There will be a dance tonight and the young people will tip the light fantastic until the small hours.

"LIGHTS OF LUMINA."

Composed by Wilmington Lady and Presented at Lumina.

"Lights of Lumina," a bright and catchy waltz, composed by Mrs. Russell Bellamy, of this city, a talented musician of wide reputation, was presented for the first time at Lumina Tuesday night by the Lumina Orchestra, and those who heard the rendition pronounced the piece a gem. The director of the Lumina Orchestra was so well pleased with the composition that the Tidewater Power Company requested a full orchestration of the piece. "Lights of Lumina" has made a big hit and it will doubtless be frequently heard with interest and pleasure by hundreds of towns-people and others who attend the concerts at Lumina. It is understood that it will be made a feature of the concert Sunday.

Want Receiver Removed.

Sheriff Cowan yesterday received the order of Judge O. H. Allen in a case entitled Frank Gough, L. E. Nichols and others against the Monira Lumber Company, heard in chambers the plaintiffs petitioning for the removal of Joseph W. Little, Esq., as one of the receivers of the defendant company. The hearing is continued until Monday, September 27th, at 2 o'clock, in this city, before Judge Allen, who will convene the September term of Superior court on that date.

City League Meets Tonight.

An interesting meeting of the City Epworth League will be held this evening at Fifth Street M. E. Church, attended by representatives from the various churches. A number of topics of interest will be discussed and special music has been arranged. The meeting will be held at 8:30 o'clock.

NURSES' CONVENTION ENDS

Concluding Business Session Held Yesterday Afternoon—River Trip and Complimentary Supper—Lumina Last Night.

With a delightful trip down the river yesterday afternoon, a complimentary supper at the Northrop Cottage, Wrightsville Beach, and a dance at Lumina last night, the seventh annual convention of the State Nurses' Association of North Carolina came to a close. While the gathering was not attended by as large a number of members as was expected the meeting was nevertheless one of the most enjoyable and profitable ever held.

The morning session convened at 9:30 o'clock with the president, Miss Constance Pfohl, presiding and all the delegates in attendance. Reports were received from the local associations and from the board of examiners, all of which were of an interesting nature. The reading of two papers, one by Miss Garland Pelton, of Asheville, on "Settlement Work," and one by Miss Ferguson, of Wilmington, on "District Nursing," with a general discussion on these, concluded the programme of the morning session. The papers read contained much valuable information and were listened to very attentively.

The afternoon session convened at 2 o'clock with the president presiding. In addition to the delegates there were present several visitors. The feature of the closing session was the reading of an excellent paper on "Tuberculosis," by Miss Rugg, of Durham. It was evident that Miss Rugg had given considerable time to the study of the dread disease and knew her subject well. She called attention to the large amount of money that is annually spent for the education of children that die of consumption in the larger cities of the North. She considered the only way to stamp out the disease among children is through the dissemination of knowledge as to what the disease is and how it can be prevented. In conclusion she said that the State or community should step in and take care of a consumptive where the afflicted family is unable to provide proper attention. The paper was highly instructive as well as interesting and Miss Rugg was requested to send it to the State medical journal for publication.

The following were elected to fill the vacancies on the board of directors: Miss Constance Pfohl, Winston-Salem; Miss Dunn, of Raleigh; Miss Williams, of Charlotte. The other members of the board are: Miss Mary Wyche, Durham; Miss Mary Sheets, Winston-Salem; Miss Marie P. Allen, Morganton; Miss Ella McNichols, Charlotte.

The following were elected as the board of examiners for the ensuing year: Miss Marie P. Allen, Morganton; Miss Cleone Hobbs, Wilson; Miss Ann Ferguson, Statesville.

The president appointed the following as the ways and means committee: Miss Dunn, chairman, Raleigh; Miss Williams, Charlotte, and Miss Broughton, Winston-Salem. On motion of Miss Dunn the president was named as the delegate to the National convention which meets next in New York. Miss Wyche and Miss Allen were named as alternates.

The board of directors will hold a meeting, probably in Raleigh, within a few weeks to elect the officers for the ensuing year. The time and place of the next meeting will also be selected by the board of directors. Asheville has been suggested as the place for next meeting.

The convention was declared adjourned a few minutes before 4 o'clock and the visitors and members of the local association boarded a special car at Tarrymoore and came to the city, taking the steamer Wilmington at 5:15 o'clock for a delightful trip down the Cape Fear river, as gusets of the local nurses. The nurses returned to the beach on a special car and were the guests of the local association at an enjoyable supper at the Northrop Cottage. Following the supper the visitors went to Lumina, where the remainder of the evening was most pleasntly spent.

Took Advantage of Rates.

A large number of Wilmington people left Wednesday and yesterday for points North, taking advantage of the annual cheap rates offered by the railroads at this time of the year. Some went on business while others went on a sight-seeing trip and to visit relatives and friends. A large number of people arrived in Wilmington yesterday from points south of here to spend awhile with relatives and friends and at the beach. It is said that a very large crowd came in early yesterday morning from Savannah, Ga. Reports from many points indicate that the travel on the railroads was very heavy Wednesday.

Mr. J. A. Mills at Southport.

Yesterday's Southport Standard: "President J. A. Mills, of the Raleigh & Southport Railroad, was in the city for a few hours last week. Upon being interviewed by several prominent men of Southport, Mr. Mills would give no definite information in regard to the purpose of his visit at this time, but expressed his intention to later visit Southport and drive through the county to the Seaboard Air Line Railway at East Arcadia. It is hoped that the visit here of Mr. Mills is significant and that it will not be a great while ere the Raleigh & Southport Railway has a terminus here."

Mr. Ewing in Newspaper Business.

Many friends of Mr. and Mrs. J. Everett Ewing in Wilmington will be interested to know that Mr. Ewing, who was formerly city editor of the Evening Dispatch, of this city, and later of the leading paper in Olean, N. Y., has embarked in business for himself and is now proprietor of a leading weekly paper and job printing business at Almond, N. Y. Both Mr. Ewing and Mrs. Ewing have the very best wishes of a host of friends in Wilmington for their success in the North.

Last 3 of the Bargain Days!

At the Big Department Store, 4th Street Bridge.

Each day we will add new items to make the sale of greater interest. You can come every day and secure bargains.

PORTER BROUGHT BACK

Will Stand Trial For Abandonment. Motion For Continuance Heard.

Herbert H. Porter, a young white man, arrested at Monroe Wednesday on a warrant sworn out on the affidavit of his wife, charging abandonment and non-support, was brought back to the city yesterday by Constable Savage and late yesterday afternoon a motion to continue the trial until August 25th was granted by Magistrate Sykes. Porter gave bond of $250, with his brother, W. T. Porter, of Bladen county, security.

Shortly after Porter reached the city, the motion made by the defense for a continuance in order that he may obtain witnesses from other counties in the State, was heard, and after argument of counsel, Magistrate Sykes granted the request.

Porter was married in this city about 14 days ago, and his wife contends in her complaint that he left her the day after the marriage, also that he declined to support her or live with her. Both of the parties are well known and the trial will be an interesting one. There was a crowd at the hearing yesterday, and attorneys have been employed on both sides. Hon. John D. Bellamy, and C. D. Weeks, Esq., represent Mrs. Porter and the defendant has retained Messrs. Herbert McClammy, W. P. Gafford, and L. Clayton Grant.

HANDSOME STEAMER FOLDER

Atlantic, Gulf and West Indies Steamship Lines Attractive Literature.

One of the most attractive folders issued by a transportation company is a handsome booklet done in colors and recently issued by the Atlantic, Gulf and West Indies Steamship Lines, which operates the Clyde, Mallory, Porto Rico and Ward steamers to quite all the important ports in its territory. Copies of the folder, or really the "magazine," have just been received at the local offices of the company and have been much admired by those who have seen them. The folder gives an interesting write-up of all the famous Northern Summer resorts, embellished with handsome views including Coney Island, Atlantic City, New York, Thousand Islands and a host of other resorts, with a general description illustrated of the various sections of country reached by these lines. There is also a large map and a wealth of information about the steamers, their sailing days, accommodations etc. The folder may be had from the principal folder box systems of the United States, Canada, Mexico and Cuba or by application to the company.

WILL RESUME OPERATIONS

Hum of Machinery in Idle Cotton Mill to be Heard Again.

The hum of machinery in the old Wilmington Cotton Mills, in the southern section of the city, will be heard again in the near future, according to the announcement yesterday of Mr. J. Walter Williamson, who, with Hon. John D. Bellamy, has purchased the plant, as stated in The Star a few days ago. It is hoped to start the mill within the next two months. The factory will in the future be known as the Bellwill Cotton Mills, the first syllables of the names of the two owners forming the name. Between 150 and 200 people will be given employment in the mill which will mean the turning loose of a considerable amount of money in Wilmington every payday.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you. Robert R. Bellamy.

NOT A "BLIND TIGER."

Albert Lamb Acquitted of Charge of Selling Whiskey.

In the Recorder's court yesterday morning Albert Lamb, colored, was tried for the second time on the charge of selling whiskey to Annie Lowe, colored, who was brought in from the county farm to testify in the the case. It was shown that the Lowe woman had made threats against Lamb, who is related to her, and that the character of the woman was such that it would be hard to convince a jury that her statement was true. Taking these facts into consideration the Recorder dismissed the case. At the first trial some weeks ago the defendant was sentenced to six months on the county roads. An appeal was taken to Superior court and that tribunal sent the case back to the Recorder on account of a defect in the warrant. The character of the woman and the fact that she had made threats were not fully brought out at the first hearing.

Arthur Croom, a young white man, was tried on the charge of disorderly conduct. Judgment will be announced this morning. Two warrants were secured against Croom from Justice Harriss, one charging nuisance and the other a peace warrant, both sworn out by Walter Gaylord. It seems that Croom raised considerable disturbance on Fifth street, near Grace, Wednesday night. The Recorder fixed the defendant's bond for appearance today at $100, which he was unable to give. The cases in Justice Harriss' court were continued until today at the request of the defendant. The justice fixed the bond at $200. He could not give the bonds and went to jail.

A SURPRISE MARRIAGE.

Miss Loula Orrell Becomes Bride of Mr. Forbes in Roanoke, Va.

Friends were pleasantly surprised yesterday to learn of the marriage of Miss Loula Orrell, the attractive daughter of Mrs. Ida Orrell, of this city, and Mr. A. R. Forbes, a former Wilmingtonian, which was solemnized in Raonoke, Va., where the bride has been on a visit to friends. The wedding took place about noon and the couple shortly afterwards telegraphed the mother of the bride in this city, stating that they were en route North on a bridal tour to New York and Niagara.

It was the culmination of a happy engagement and the surprise was in the unexpected occasion of the wedding, which was expected to take place in this city in the late Fall. Mr. Forbes was at one time employed by the Coast Line in this city and is at present an express messenger with headquarters at Monroe. Mr. Forbes is a native of Greenville, S. C., and both the young people have a host of friends in this city, who extend them best wishes.

DEACONS ORDAINED.

Interesting Service at Southside Baptist Church.

The ordination service at Southside Baptist church last night, when two of the recently elected deacons were ordained, was of an interesting nature and largely attended by members of the congregation and others. Deacon J. B. Fales was detained at home on account of illness, but Deacons T. J. Vann and A. F. Cox were ordained. The charge to the deacons was made by Rev. C. F. Whitlock, pastor of Brooklyn Baptist Church, and Deacon Geo. E. Leftwich delivered the charge to the members of the church. The ordination prayer was offered by Rev. G. A. Martin, pastor of the church. A special musical programme was prepared and carried out very effectively.

Another Fine Concert.

At Lumina next Sunday night. The programme will consist of Overture "William Tell," grand selection from "Il Trovatore;" "The Lights of Lumina;" "Roses Honeymoon;" "Paderewski's Minuet;" "A Day With the Circus," and others. **

SPECIAL RUSH SERVICE.

Postal Telegraph Company Introduces New Feature in Service.

The Postal Telegraph Company on August 2nd, inaugurated new and improved methods in its general service between important cities and towns including this city. This new service is called "Special Rush Service," and has proved a revelation in the rapidity with which messages and answers thereto are exchanged between all points including those on the Pacific coast.

A system of the most rigid supervision is employed from the time a message is signaled for by call box, or handed in at a Postal office until it is delivered to the addressee. Every second possible is saved in the various channels through which a message passes. The improved methods in expediting the traffic over the wires have reduced the time of transit so that now patrons may receive answers from the principal points in this and neighboring States, as well as New York, Chicago, Boston, St. Louis, Denver, San Francisco, New Orleans, and other cities in less than thirty minutes after the messenger has been signalled to take the message. A maximum schedule time limit is fixed for the transit of every message in the operating, delivery and messenger departments. Any failure to keep within this time limit is sharply checked up on each message. Messengers receive extra pay for the delivery of every message within the time allowed for the service. All employes of the Postal Company from managers to operators, clerks and messengers are enthusiastically and efficiently co-operating in maintaining this fastest telegraph service in the world.

"The average elapsed time for instance, from the time a messenger is called in New York to delivery to addressee in Chicago, is 15 minutes. In cases where the distance from office to addressee is short the service is more frequently performed in less than 15 minutes."

AT WRIGHTSVILLE BEACH

Large Crowds at Hotels and Many Expected to Arrive Today.

Judging from the large number of visitors on Wrightsville Beach, at the hotels and cottages, the season this year will be longer than for some years. Neither the Seashore nor the Tarrymoore is crowded but the number of guests is considerably larger than at this period of the month last year. This fact is taken to mean that there will be quite a large number at the hotels until they close some weeks from now. The proprietors stated yesterday that they expected a large number of visitors to arrive today and tomorrow to spend the week-end. They will come from points in North and South Carolina. This is a very pleasant time of the year to be on the beach and the visitors are having a splendid time.

PRESIDENT APPROVES PLANS

Pleased With the Programme For His Entertainment Here.

Mr. B. F. Keith, collector of customs, yesterday received a telegram from Mr. Fred W. Carpenter, President Taft's private secretary, stating that the President had approved the plans of the local committee for the entertainment of his party here on November 9th as outlined by telegraph Tuesday. There is great interest in the proposed visit of the President, and those in charge of the arrangements propose to make the day one of the greatest in the history of Wilmington. There will be great crowds in Wilmington from surrounding towns on that date.

Consider

yourself and family, take a trip to the pier. Boat leaves 5:15 P. M., 15 cents round trip. jul 1 tf

If it is ribbon at a bargain you should attend the ribbon sale at Rehder's Friday. **

OPENING OF THE ACADEMY

The Date is September 4th—"The Wolf," Big New York Success the First Production—House Improvements.

The new Academy of Music, which is to be something decidedly attractive and up-to-date for theatre-goers, will be formally opened Saturday night, Sept. 4th. The time may appear a little inopportune, but for no other date could such an attraction as the one that will open the season be secured.

The attraction which will do the honors of inaugurating the season and a new era for theatricals in Wilmington, because a new theatre has long been needed here, will be the great Broadway success, "The Wolf," from the pen of Eugene Walter, author of the two other notable hits, "Paid in Full" and the "Easiest Way." The brilliancy of this attraction will be recognized at once and the original Broadway cast will be seen in the production. The management of the Academy considers itself fortunate indeed in securing such a big attraction and this was only accomplished within the past few days, when Mr. S. A. Schloss visited New York and induced the management of the big attraction to come to Wilmington both as a special personal favor and to get the benefit of opening the new theatre. So now all work upon the Academy is being rushed, extra workmen having been added in nearly all departments, to the end of getting the theatre ready by Sept. 4th. The brilliancy of the opening attraction will not be superior, however, to the attractiveness of the Academy itself, because a handsome interior and one modernly and elaborately equipped, including a cloak and lounging room for the ladies, with a maid in attendance, and toilet rooms for the gentlemen, will be added. Full details of the opening, with a list of the theatre attaches will be made public shortly, as well as a list of the bookings, but relative to the latter it is interesting to note that they are said to be the best Wilmington has ever had.

"The Wolf" had its first New York production at the Bijou—then followed an extended run at the Lyric Theatre. It tells the story of a girl who was deceived and sent to her death in the Canadian Hudson Bay country. Her half brother seeks the man and finds him attempting to lure another girl to ruin. It happens that the half brother loves this girl, so he takes her away, but the villain and their meeting is the most effective incident of the play. The two men meet in the dark and fight for life and for the possession of the girl. The audience simply hears the two men as they toss and struggle. Finally there is a moan and the listeners know that death has come to one of them—but which one? The moon creeps up, and the victor strikes a match and holds it above the victim's face. The right man has been victorious, and the play has a happy ending. Mr. Walter has written a most powerful play, there being many virile moments, for the story holds the auditors' interest tense.

A BOLD INTRUDER

Thief Caught in the Act of Entering Home—A Search Made.

After gaining entrance to the rear porch of the second story of the home of Mr. Allison Alderman, No. 7 South Fourth street, a burglar was caught in the act of entering the room of Mr. R. B. White, cashier of the telephone company Wednesday night, and after his bold attempt, was frightened away when the latter aroused and went after his pistol. Mr. White was unable to tell whether it was a white man or a negro, but a thorough search of the premises was made for him by the occupants of the house.

The burglar had his head and shoulders through the window when Mr. White awoke and he lost no time in giving the alarm. Mr. Alderman lives directly in front of the Fourth street fire station, and several of the firemen assisted in the search. The introuder ran off and is believed to have been out of reach before the search began.

ENJOYED HIS VISIT

Vice Consul General of Japan Writes of His Trip Here.

Mr. Keuchi Yamasaki, Vice Consul General of Japan, stationed in New York City, who spent Tuesday in Wilmington and visited the Castle Haynes colony in company with Mr. C. Van Leuven, second vice president and general manager of the Carolina Trucking Development Company, writes The Star from Richmond, Va., under date of August 18th:

"I was impressed with the richness of the field and the system under which the Carolina Trucking Development Company is looking after the colonies. I cannot but admire the high character, foresightedness and strong energy of the executive officers of the company, whose valuable work will, I strongly believe, bring about the development of the South. I thoroughly enjoyed my stay in Wilmington."

MARRIED YESTERDAY

Miss Viola Anderson Becomes Bride of Mr. Marion Shecut.

Mr. Marion A. Shecut and Miss Viola Anderson, daughter of Mr. and Mrs. Charles Anderson, were united in marriage at 12 o'clock yesterday, the ceremony being performed at the home of the bride's parents on North Front street by Rev. C. F. Whitlock, pastor of Brooklyn Baptist church. Mr. Shecut has resided in Wilmington for several months, coming here from Augusta, Ga. Mr. and Mrs. Shecut left yesterday afternoon for Jacksonville, Fla., where they will make their future home. Both have a large circle of friends in Wilmington, who extend to them their best wishes.

If it is ribbon at a bargain you should attend the ribbon sale at Rehder's Friday. **

KEEP UP WINNING

(Continued From First Page.)

cator handling, his decisions are giving satisfaction to both teams. Ross arrived last night and will be with the team today.

Fourteen Innings at Goldsboro.

Goldsboro, N. C., Aug. 19.—Goldsboro broke Fayetteville's remarkable winning streak, defeating them here today, score two to one. Each team scored one in the eighth inning on wild throws, then there was no more run getting until the last of the 14th, when Epler singled, reached third on Sharpe's bunt to third baseman and scored on Crockett's single. Bussey held the visitors to four scattered hits in ten innings. Score:

Golds	...000 000 010 000 01—2	10	5
Fay	.....000 000 010 000 00—1	6	2

Bussey, Stoehr and Francis; Hallman and Galvin; time 2:28; umpire Murphy.

Raleigh, N. C., Aug. 19.—Two bases on balls and four hits in succession, off Buckingham, enabled Raleigh to pile up five runs against Wilson in the seventh inning today, overcoming the Tobacconists' fine prospect through three runs in the fourth. Score:

Wilson	.....000 300 010—4	8	0
Raleigh	.....110 001 500—8	11	4

Buckingham, Byrd and Gilmore; Brandon and Rowe; attendance 1,000; umpire Watson.

VITRIOLIC VOLTS.

A Kalsomine!

With Rube behind the brush.

Raleigh decided it was time to stop losing, so copped the first one from the Tobacconists.

Fayetteville got her's yesterday. And 'twas Old Man Bussey that broke the winning streak.

Billy Ross blew in last P. M., and the fans met him with open arms. With Smith in approved shape, and Levy improving all the time the cripples will soon be in old time form again.

The "Official Schedule Maker" (of Wilson)—the first we've ever heard of sagging beneath such a weighty title—has given it out that Wilson has 13 games more to play; Fayetteville 12; Goldsboro 11; Raleigh 10; and Wilmington only 9. We would like to ask the aforesaid O. S. M. exactly how he expert accountants that out. With ninety games each in the campaign, the locals having played 80, are entitled to 10 more—and not just 9. Wilson has played 76 (not counting yesterday's affair) and is only allowed 13 more—we suppose to throw out one of the Fayetteville games, as the Highlanders are only allowed 89 games in their season also. How many more Rocky Mount has is not mentioned, but we suppose this would be put down as 12, to make the 89 agreeing with Wilmington. Strange to say, Goldsboro and Raleigh are allowed the full 90 games. We don't stack up as a percentage mathematician, or a schedule compiler, but there's a distinct touch of Missouri blood coursing through our veins when we try to satisfactorily digest the above.

Wilson is kicking! Wilson, as usual, is kicking! A correspondent of the Raleigh News and Observer from that place intimates that Rocky Mount is throwing games to Wilmington, simply to beat Wilson; and states that all the Tobacco Burg wishes is a square deal. (Rather a one-sided wish, Eh?) Of course, it's all right and perfectly proper—in fact, becomingly so—for Wilson to lift a whole series from Rocky Mount (with the aid of forfeited games) without a whisper as to a thrown game, but the minute Fayetteville or Wilmington happens to come along and win out from the Railroaders, a mighty howl is raised—in Wilson. Sarcastically speaking, we suppose Raleigh laid down to Fayetteville because the Birdies dropped four straights to the Kilties. This view is just as logical as the Wilson man's contention—and we wouldn't believe it of Raleigh as long as that place is the Capital City. The Rocky Mount boys are a game set, which is shown by their having remained in the fight to a finish, though sadly behind the balance of the contestants, and judging from a few past performances, we'd trust them a good deal further than another club we wot of. Everybody on the circuit knows that Wilson is a hard loser—look at the attendance when two straights are lost—and, as their chances of raising the rag have begun to look a little bilious since the Highlanders have developed such remarkable strength—it behooves the army of Wilson writers to raise the usual howl. "Go on, Wilson, and if you can win the pennant by playing ball, do so!" but we feel that your correspondent's reference to "a square deal" is somewhat ironical.

SUES FOR DIVORCE.

Mrs. Maria Bornemann Brings Action in New York.

August P. Wagener, Esq., of New York, counsel for the plaintiff, yesterday sent to Sheriff S. P. Cowan a copy of the order, affidavit and certificate of the sheriff of New York county, and the summons and complaint in an action brought in the New York Supreme court by Mrs. Maria Bornemann against her husband, Mr. Jacob Bornemann, for an absolute divorce. Mr. Bornemann has been residing in Wilmington for five or six years and conducts a grocery store at corner of Ninth and Wooster streets. Mrs. Bornemann has resided in New York, but has visited Wilmington several times during the residence here of her husband. It is understood that the divorce proceedings will not be contested.

Seared With A Hot Iron,
or scalded by overturned kettle—cut with a knife—bruised by slammed door—injured by gun or in any other way—the thing needed at once is Bucklen's Arnica Salve to subdue inflammation and kill the pain. It's earth's supreme healer, infallible for Boils, Ulcers, Fever Sores, Eczema and Piles. 25c at R. R. Bellamy.

Friday ribbon day at Rehder's. Something you should not miss. **

Waterworks Bonds Taken Over.

The formal transfer of the $75,000 waterworks bonds from Mr. C. E. Taylor, Jr., to the City of Wilmington took place yesterday. Capt. T. D. Meares, clerk to the Board of Audit and Finance, paid over to the holder $78,612.50, the amount of the principal, premium and interest. The bonds were purchased at a premium of two and one-half cents with interest to October 1st, and it is estimated that the city makes a saving of several hundred dollars in retiring them now.

Mr. Whitehead Returns.

Mr. Z. W. Whitehead, editor of the Southern Lumber Journal, who has been in Washington, D. C., during the extra session of Congress and who remained over at the capital for several days after adjournment looking into the lumber schedule, returned home this week. He says that lumbermen have every reason to feel satisfied at the action of Congress and he hopes for a revival of the industry in the South at no distant date.

Negro Killed by Log Train.

Mr. W. C. Baldwin, superintendent of the Folkstone branch of the Wynnewood Lumber Company, came to the city yesterday afternoon from the mill and reported the killing of Monroe Grady, colored, who was run over by a log train yesterday morning. The colored man in some manner was knocked upon the track and was unable to get up in time to escape the approaching train. He met instant death, his body being badly mangled.

Real Estate Transfers.

Two deeds were filed for record yesterday as follows: B. O. Stone and wife to W. W. Koch and wife, for $100 and other considerations, the valuable residential property on southwest corner of Chesnut and Fourth streets, 64x66 feet in size. Wm. Goodman and wife to W. A. Sue, for $275, lot on east side of Cleveland avenue, 99 feet south of Harnett street, 33x77 feet in size.

SUIT FOR MANY MILLIONS.

Filed in Arkansas Against Arkansas Insurance Companies.

(By Wire to the Morning Star.)

Little Rock, Ark., Aug. 19.—Alleging that 65 insurance companies representing a combined capital of $156,000,000, doing business in the State of Arkansas, entered into a rate combination on December 16, 1908, Prosecuting Attorney R. E. Jeffery, of the third judicial circuit, filed suit against these companies today for penalties aggregating $65,000,000 under the State anti-trust statute. The suit was brought at Newport, Ark., in the Jackson county circuit court.

All of the companies sued are represented at Newport. It is alleged by the State that a combination was effected before the law was passed and that subsequent to the enactment of he anti-trust statute, the combination dominated insurance companies organized here The agreement, according to the charges brought by Prosecuting Attorney Jeffery, existed 224 days expiring on August 17, 1909.

LOST ALL KNOWLEDGE

Hospital Patient in New York Doesn't Remember Own Name.

(By Wire to the Morning Star.)

New York, Aug. 19.—What the doctors at Bellevue hospital say is a remarkable case of amnesia or loss of memory developed today when a sturdy, middle-aged man, well dressed and to all appearances sane, applied for admission. Questioned by the admitting physician, he could not remember his name, his residence, or whether he was married or single. He had a hazy recollection of being in a saloon early today and taking a drink of whiskey and also of having been struck a blow on the neck.

An illegible letter was found in his pocket addressed to George White, of some town in Maryland. The patient was sent to the psychopatic ward where the case was pronounced one of amnesia.

GREEK FLAG RAISED IN CRETE

Inhabitants at Candia Rehoisted It in Presence of Militia.

(By Cable to the Morning Star.)

Canea, Island of Crete, Aug. 19.—The armed inhabitants of Candia, the largest city of Crete, today rehoisted the Greek flag in the presence of a squad of militia who were powerless to prevent the proceedings. A conflict was averted through the intervention of the metropolitan who begged the officers to confine the soldiers to their barracks.

The consuls of the powers have demanded that the government of Crete give a written guarantee that the Greek flag will not be hoisted after the departure of the international squadron. The government replied it will do so when order has been restored at Candia.

PELLAGRA IN BALTIMORE.

First Case Ever Known in the State of Maryland.

(By Wire to The Morning Star.)

Baltimore, Aug. 19.—Local physicians are interested in a case of peldagra now being treated at the Mercy Hospital. The patient is a woman brought here some weeks ago from the eastern shore of Maryland and she is only the third person ever known to have had the disease in this State. Especial interest attaches to the case because of recent outbreaks in other parts of the United States of this peculiar malady, the supposed home of which is Italy and which is believed by some who have studied it to be due to the eating of moldy corn.

TUG AND STEAMER COLLIDE.

Accident at Sea Near Brunswick, Ga. Tug is Badly Damaged.

(By Wire to the Morning Star.)

Brunswick, Ga., Aug. 19.—The tug Angie and Nellie, of the Brunswick Towboat Company, was rammed by the steamer Dover, of the Brunswick Steamship Company, this afternoon near the sea buoy. Both vessels were rounding a government dredge at work off the bar. The tug went around ahead of the steamer and was so close to her that it was impossible to avoid the collision. The steamer went into the tug's starboard side almost at full speed, driving her almost out of the water. The tug was badly damaged and had to be towed into port by the Dover.

JUDGE COBB DIES AT ATHENS.

Well Known Georgia Jurist Suffered a Stroke of Paralysis.

(By Wire to the Morning Star.)

Athens, Ga., Aug. 19.—Judge Howell Cobb died this afternoon from the effects of a stroke of paralysis experienced three months ago. His career was remarkable. For 30 years he filled the position of judge of the city court at Athens, being the only man who ever held the place. He was a lawyer of ability and a member of the board of trustees of the University of Georgia. William McK. Cobb, of Washington, D. C., and Zach Lamar Cobb and Howell Cobb, of El Paso, Texas, are among the surviving children.

MONEY FOR CAROLINA COLLEGE.

$10,000 Given to Conference by Will of Late J. C. Roberts.

(By Wire to The Morning Star.)

Winston-Salem, N. C., Aug. 19.—By the terms of the will of the late J. C. Roberts, of Kernersville, filed here today, the trustees of the North Carolina Methodist Protestant Conference will receive $10,000 to be used in the establishment of a college.

The Crime Of Idleness.

Idleness means trouble for any one. Its the same with a lazy liver. It causes constipation, headache, jaundice, sallow complexion, pimples and blotches, loss of appetite, nausea, but Dr. King's New Life Pills soon banish liver troubles and build up your health. 25c at R. R. Bellamy.

BABY WITH TWO FACES.

Born at Decatur, Ga., Last Tuesday. Lived Only Short Time.

(By Wire to the Morning Star.)

Atlanta, Ga., Aug. 19.—A male infant with one head but two faces was born to Dave Brightwell and his wife, Rose, negroes, on Tuesday, and was buried yesterday.

According to W. J. Houston, of Decatur, who attended the child's mother, the baby had two mouths, two noses, two pairs of eyes, but only one pair of ears and one chin

H. Russell Wise, 19 years old, and James Dean, 21 years old, were buried alive beneath a steep embankment which caved in at Alexandria, Va., yesterday. They had no warning and were smothered to death under many tons of earth. Several hours were required to dig them out.

The Clyde Line steamer Arapahoe, which broke her tail shaft off the North Carolina coast and was picked up and towed back to Charleston, after drifting helplessly for nearly three days, arrived in New York yesterday for repairs.

Fast southbound 'Frisco passenger No. 103 ran head-on into freight train No. 136 yesterday at Hillyards, Ala. Engineer J. M. Horn, Fireman Bailey and Baggage Master Ragsdale, of the passenger train, were possibly fatally injured.

DAILY GAIN IN WEIGHT.

Comes to Those Who Use Samose, Says Druggist J. Hicks Bunting.

The poor, thin, emaciated person, when he or she becomes plump, rosy and robust by using Samose, forgets that there is such a thing as weakness and underweight.

Samose restores health to the whole system so that the tissues assimilate from the food all of those elements which make solid bone, firm muscle, pure blood and sufficient fat to restore beautiful and symmetrical outlines to the figure.

An increase in weight is seen from the first week's use of Samose, but if it does not restore you to your proper weight and give you full vigor and vitality, Druggist J. Hicks Bunting will return your money. You certainly can afford to try Samose on this guarantee.

A little boy of four was begging to go to see a little neighbor. His mother had repeatedly refused. Finally she said, "Drury, do not ask me if you can go to see Joe again." Then the child in his slow way asked, "Well, mamma, if I could go, how long could I stay?"—Delineator.

NATURE TELLS YOU.

As Many a Wilmington Reader Knows Too Well.

When the Kidneys are sick,
Nature tells you all about it.
The urine is nature's calendar.
Infrequent or too frequent action;
Any urinary trouble tells of kidney ills.
Doan's Kidney Pills cure all kidney ills.
Wilmington people testify to this.

Mrs. W. W. Mince, 706 South Fifth street, Wilmington, N. C., says: "I am very thankful to Doan's Kidney Pills for the great benefit I received from their use. For a long time I was a victim of kidney trouble. The kidney secretions were too frequent in passage and at times contained a heavy sediment. My back ached almost constantly and some days I could hardly get about to do my housework. I heard so much about Doan's Kidney Pills that I procured a box at Robert R. Bellamy's drug store and began using them. They helped me more than anything I had ever taken, strengthening my back and kidneys and invigorating my whole system."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's — and take no other.

J. HICKS BUNTING DRUG CO. SUCCESSFUL.

After a great deal of effort and correspondence J. Hicks Bunting Drug Co., the popular druggists, have succeeded in getting the Dr. Howard Co. to make a special half-pirce introductory offer on the regular fifty cent size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles, that J. Hicks Bunting Drug Co. are willing to return the price paid in every case where it does not give relief.

So great is the demand for this specific that J. Hicks Bunting Drug Co. have been able to secure only a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon them at once, or send 25 cents, and get sixty doses of the best medicine ever made, on this special half price offer with their personal guarantee to refund the money if it does not cure.

SAILORS STILL WINNING!

SO ARE WE.

They needed additional strength. They got it—now watch the percentage column grow.

Ladies' Batiste Dresses, $4 to $10.

Millinery at one-half regular price. Hair Nets, Rats and Switches in all shades. Chiffon Veilings just received.

The C. W. POLVOGT COMPANY

SPIRITS TURPENTINE

—Whiteville News-Reporter: Col. Toon, claim adjuster for the Coast Line Railway, tells us that he has recently traveled through all of the Southern States, and the best cotton he has seen anywhere belongs to Mr. J. A. Brown, of Chadbourn.

—Dunn, Aug. 18.—Saturday evening at Mr. G. F. Pope's saw mill in the suburbs of the town two of his hands fell out and Edline Ferguson threw a chisel at Wright Hinton and stuck it in his neck, killing him in less than 15 minutes. Both are colored. Edline is yet at large.

—Sampson Democrat: A barn of tobacco was lost by fire on the farm of Mr. J. G. Best, of North Clinton, last week. The tobacco belonged to him, his brother, Mr. J. M. Best and Mr. R. H. Carr. The latter lost a barn about the first of the season. Much of the best of Mr. J. M. Best's crop was in this barn.

—Wilson, Aug. 18.—This morning at the saw mill of Mr. James Gay, two miles from Wilson, the boiler of his mill exploded, tearing away part of the mill and scattering lumber in every direction—caused by a careless fireman, who let the water go down. Fortunately, the large force of hands was some distance off when the explosion took place.

—Whiteville News-Reporter: Recorder Smith informs us that the railroads and corporations pay about 40 per cent. of our county tax, and then taking in the towns, farmers bear less than one-third of the public burden. And this is right, too, for it is the man behind the plow who feeds us all and keeps the wheels of both railroads and commerce revolving.

—Charlotte Chronicle: Sebo Simpson, or J. S. Mullis, the name appearing in both forms on the warrant, was this morning found guilty on the charge of seduction brought by the relatives of Miss Fay Bigham, the victim, and was straightway sentenced to serve a term of three years in the State penitentiary at Raleigh, by Judge Webb.

—Sampson Democrat: In speaking to a friend the other day of the fine pieces of corn around Salemburg he stated that some very good judges had estimated that a piece of Mr. J. A. Turlington's would come near a 100 bushels per acre, if not quite that, and among those who had so estimated it were the speakers who were at the Farmers' Institute. "Little Frank" Howard's is said to be as good.

—Washington, N. C., Aug. 18—News reached the city this morning of the burning of the large dry kilns of the Dixie Lumber Company of this city, situated at Bunyan township, about 10 miles from Washington, the fire starting early this morning and totally destroying the kilns, despite the heroic and hard work of the entire mill force. The loss is between $2,000 and $3,000. The origin of the fire is unknown.

—Winston-Salem, Aug. 18.—It is learned today that Charles Fedrell, the negro who was convicted of murder in the first degree at the May term of Forsyth Superior Court and was sentenced to be hanged, but later through the efforts of counsel Governor Kitchin commuted the sentence to life imprisonment, escaped Monday from the State convict camp at Laurinburg. Fodrell killed his wife.

—Sampson Democrat: Mr. John A. Oates, of Fayetteville, was in our office the other day and spoke of having taken dinner at Mr. J. E. Boyette's, of Halls. During the conversation Mr. Oates said that Mr. Boyette told him he settled on that place about 40 years ago, and during this long period had never bought for his own use a bushel of corn nor a pound of meat. This is a record for a farmer to feel proud of. He is a safe farmer; was always able to board at home, and have good board at that.

—Whiteville News-Reporter: Boardman is one of the healthiest towns in our county, although located on the banks of Lumber river. Superintendent Wright, of the Butters' Lumber Co., enforces the strictest sanitary regulations in the town of 900 inhabitants, and every lot must be kept perfectly clean. No hogs are allowed kept in the place. The mayors of other towns would do well to visit Boardman and take lessons in sanitation from Mr. Wright. And anything like disorderly conduct is promptly suppressed and punished. Boardman has a medal municipal government.

—Whiteville News-Reporter: Deputy Sheriff Ammons tells us that there are a great many bears in Green Swamp, and not long since an old man named Register, who was guiding him through that morass, pointed out places where he had set traps and caught three bears. Mr. Ammons said he entered a one-room cabin in that swamp, in which a family lived, and the ceiling was festooned with strips of dried cat-fish hung on reeds. For eight miles he had to go foot through the swamp, a greater part of the way walking logs not larger than your leg, across bogs waist deep or more. He passed one school house in this desolate swamp. There are dry and elevated islands on which squatters have rude settlements, and who live by fishing, hunting and trapping fur animals. We must go through Green Swamp and describe that dreary wilderness and its inhabitants to our readers.

'Twas A Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctors did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, Coughs and Colds, Hemorrhages, Hay Fever, LaGrippe, Asthma or any Bronchial affection it stands unrivaled. Price 50c. and $1.00. Trial Bottle free. Sold and guaranteed by R. R. Bellamy.

The Seaboard Tour

Washington, Niagara Falls, Toronto, Thousand Islands, Montreal, Quebec, Down Lake George and Champlain and Four Days in New York City, at Very Attractive Rates.

Leaves September 1st—Personally Conducted by Mr. C. H. Gattis.

The SEABOARD announces their second ANNUAL TOUR, personally conducted, by C. H. Gattis, District Passenger Agent, chaperoned by Mrs. C. H. Gattis, same being under their personal supervision, through the North and Canada, taking in all the principal and most attractive Resorts in the East, leaving Raleigh September 1st, via Portsmouth—Norfolk, Old Point Comfort, up the historic Potomac to Washington, thence through Baltimore, Philadelphia and the scenic Lehigh valley to Niagara Falls, Toronto, taking in the Grand Toronto Exhibition, through the Thousand Islands, down the St. Lawrence River to Montreal and Quebec, returning via Lake George and Lake Champlain through Saratoga and Albany to New York, where four days will be spent.

The cost of the trip will include railroad, steamship and Pullman fares, transfers hotel accommodations, side trips, etc., as shown in itinerary—in fact will include practically every necessary expense with the exception of a few meals en route and while in New York city, and is made at the lowest possible amount.

This route has been selected after the most careful consideration, giving the best advantage for sight-seeing at most interesting points. Sufficient length of time will be spent at all stopover points for sight-seeing and all arrangements made for the pleasure and comfort of the party.

C. H. Gattis, District Passenger Agent, will devote his entire time to the party and will look after all necessary details, etc., for the comfort and pleasure of all, and this is assured as the Seaboard has had considerable experience in handling these tours, as any one who has been with them in the past will be glad to tell you.

Mr. and Mrs. Gattis will be assisted by Mr. and Mrs. James Ker, Jr., of Charlotte, N. C.

For itinerary of tour write at once to the undersigned and those who desire descriptive literature relative to route over which party will travel, etc., will be forwarded same upon receipt of request with 25 cents in postage to cover mailing of same.

The party is fast filling up and those desiring to join should make reservation without delay.

District Passenger Agent
Raleigh, N. C.
C. H. GATTIS.

To Carolina Beach and Southport

TURKEYS—Out of season.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Aug. 19.—Continued dry, hot weather in the South, and bullish private crop accounts did not stimulate demand sufficiently to maintain an early advance in today's cotton market and the close was steady net 4 points lower to 2 points higher, generally a point or two higher on the active months. The opening was steady at an advance of 3 to 5 points and the market soon sold 9 to 10 points net higher on covering and bull support inspired by steady cables and a renewal of very bullish reports from the Southwest. Realizing was heavy at the advance, and while there was no change in the character of the crop news, or in weather conditions beyond indications for somewhat lower temperatures in the Southwest, the market gradually eased off and was unsettled in the later trading when there was a renewal of local bear pressure. The close was within 2 or 3 points of the lowest. The action of the market seemed to be discouraging to recent small buyers who were liquidating on fears that failure to maintain advances with the encouragement of sensationally bullish crop accounts and in the absence of spot pressure, argued the possibility of a sharp break should the weather turn better, or when the new crop began to move in volume. The character of the present crop news is preparing the trade to see a very bullish September condition report early next month and local authorities claim that the maximum temperatures reported in central and western sections of the belt are averaging higher than ever before in their experience. Southern spot markets officially reported early were unchanged to 1-8c higher.

Receipts at the ports today 3,346 bales against 1,828 bales last week and 7,292 bales last year; for the week 15,000 bales against 11,058 last week and 43,907 last year. Today's receipts at New Orleans 10 bales against 464 last year, and at Houston 1,833 bales against 6,733 last year.

Spot cotton closed quiet; middling uplands 12.80; middling gulf 13.05; sales none. Futures opened steady and closed steady.

Month	Open	Close
August	12.28	12.29
September	12.25	12.22

THE LIVERPOOL MARKET.

(Br Cable to the Morning Star.)

Liverpool, Aug. 19.—Cotton: Spot moderate business done, prices 4 points lower. American middling fair 7.23; good middling 6.87; middling 6.69; low middling 6.51; good ordinary 6.25 ordinary 5.90.

The sales of the day were 10,000 bales of which 500 were for speculation and export and included 9,600 American. Receipts 1,100 bales, all American. Futures opened easier and closed easy. August 6.59; August and September 6.49 1-2; September and October 6.44 1-2; October and November 6.44; November and December 6.43; December and January 6.43; January and February 6.43 1-2; February and March 6.43; March and April 6.43; April and May 6.42; May and June 6.42; June and July 6.41 1-2; July and August 6.40.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Aug. 19.—It was an active day in the jobbing houses on wash fabrics, domestics, and a special sale of wool and worsted dress goods offered at 49 7-8c a yard. The primary market is only moderately active on cotton goods owing to the firmness with which mills are holding for prices commensurate with higher cotton. The general tone of the market continues conservative and healthy.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, Aug. 19.—Prices in the stock market declined further today on selling for both accounts. Unusual activity and excitement prevailed at the opening when transactions were most heavy and strongly suggestive of general liquidation. After the first hour the market grew more quiet and orderly. As on the previous day, conjecture dealt largely with the physical condition of Mr. Harriman, and the possible effect of his reported ill health upon the much discussed plans of the Harriman roads.

The crop news of the day were neither good nor bad. Continuance of the severe drought in the corn belt was offset by the ideal weather prevailing in the spring wheat territory. Before the expiration of the first hour, in which almost 500,000 shares changed hands Union Pacific was off 3 points and Reading two. By midday there was some recovery but business fell off to a marked degree and the under tone continued feverish and confusing.

The money market in call loans opened at 2 1-2 per cent., and held to that figure. The bond market was easy. Total sales par value $5,000,000. Government bonds were unchanged. Total sales of stocks today 1,203,100 shares.

FINANCIAL MARKET.

(By Wire to The Morning Star.)

New York, Aug. 19.—Money on call steady 2 1-4 to 2 1-2, ruling rate 2 1-4, closing bid 2 1-4, offered at 2 1-2. Time loans very dull; sixty days 2 3-4 to 3 per cent., and ninety days 3 1-4 to 3 1-2 per cent. Six months 4 per cent. Prime mercantile paper 4 to 4 1-2 per cent. Sterling exchange steady with actual business in bankers bills at 4.8505 to 4.8510 for sixty day bills and at 4.8665 for demand. Commercial bills 4.84 1-4 to 4.84 7-8. Bar silver 50 7-8. Mexican dollars 44.

Now For Business

The tariff question disposed of, the crops nearly ready for harvest, business men generally are brightening up and all is ready for a prosperous, busy Fall.

This bank, as usual, is ready, and has ample funds which it is glad to lend for the advancement of legitimate trade and for the encouragement of home industries.

Merchants receive special facilities in carring their accounts here, and a large business is conducted with farms and individuals located outside of Wilmington, as our system of handling business through the mails is particularly prompt and accurate.

We invite a line, or a call from those contemplating opening new accounts.

Now Is the Time to Advertise in The Morning Star

BASE BALL

National League.

Philadelphia, Aug. 19.—New York broke even with Philadelphia in a doubleheader here this afternoon. The New York team won the first game by hitting the ball hard. The second contest was a pitcher's battle between Moore and Mathewson. Neither team scored until two were out in the ninth inning.

Philadelphia ....300 000 010—4	10	1
New York .. ...203 010 000—6	17	5

Moren, Sparks, Corridon and Doin; Ames, Crandall and Schlei. Time 1:55. Umpire Rigler and Klem.

Philadelphia ....000 000 001—1	7	0
New York .. ...000 000 000—0	5	2

Moore and Dooin; Mathewson and Myers.

Pittsburg, Aug. 19.—Pittsburg made it four straight from St. Louis by Winning today by a score of 8 to 3. The locals made two runs every other inning, scoring in the first. Lush was wild and was re-placed in the third by Melter. Willis was strong and was given good support with men on bases. Barbeau, third baseman and Storke utility in-fielder for Pittsburg were traced today to St. Louis for Byrne, the third baseman of that team.

Pittsburg .. ....202 020 20x—8	13	3
St. Louis .. ....002 010 000—3	6	4

Willis and Gibson; Lush, Melter and Phelps.

Boston, Aug. 19.—Boston defeated Brooklyn twice today, taking the first game 5 to 1, and scoring a shut out in the second, 1 to 0. Timely hitting won the first game. In the second Richie was always a puzzle to the visitors.

Brooklyn .. ....000 001 000—1	5	2
Boston .. ..022 010 00x—5	10	1

Bell and Bergen; Mattern and Graham.

Brooklyn .. ....000 000 000—0	6	2
Boston .. ..100 000 000—1	6	0

Wilhelm and Marshall; Richie and Shaw.

American League.

New York, Aug. 19.—New York defeated Boston twice today and not only broke the visitors winning streak, but sent them back to third place in the American League race. The scores were 7 to 6 and 2 to 1, the last requiring 1 innings before the issue was settled. In both contests New York had to make up-hill fights to win.

Boston .. ..002 300 010—6	10	1
New York .. ..001 040 20x—7	9	1

Arrellanes, Karger, Cicotte and Carrigan; Warhop and Sweeney. Time 2:00.

Boston .. ....000 100 000 0—1	7	2
New York .. ..000 000 001 1—2	8	3

Hall and Carrigan; Brockett and Sweeney.

Detroit, Aug. 19.—Delhat's long fly scoring Johns from third was the only run of today's game, in which both pitchers did brilliant work. Atz opened the Chicago half of the third with a double, but Donovan held him at third while he retired the side. Jones work at the bat, Schmidt's catching and the infielding of both sides featured a pretty game.

Detroit .. ..001 000 00x—1	5	0
Chicago .. ..000 000 000—0	3	1

Donovan and Schmidt; Smith and Sullivan.

Cleveland, Aug. 19.—Philadelphia defeated Cleveland today in a pitcher's battle between Morgan and Rhoades by the score of 2 to 1. Only one error was made but that one gave Philadelphia its first run. Barry scored on an error by Bradley. Lajoie tied the score on his double and Hinchman's single. Philadelphia won in the ninth. The fielding was sensational, five double plays being made.

Cleveland .. ....000 000 100—1	8	1
Philadelphia ....000 000 101—2	8	0

Rhoades and Easterly; Morgan and Livingstone.

Jacksonville Still In League.

Jacksonville, Fla., Aug. 19.—Although at least four more innings could have been played, Umpire Davern called this afternoon's game after the eleventh inning on account of darkness when the score was 2 and 2. The umpire and one of the Augusta players had a fight on the ferryboat returning to the city after the game.

Today the owners of the franchise here decided not to give it over to the league and the old officers are again in charge. The situation, however, is not very bright and the franchise may yet go to other parties. Westervelt has been suspended for four days for his language towards Secretary West of the local league.

Southern League.

At Nashville 2; Birmingham 5.
At Montgomery 5; Atlanta 6.
At Little Rock 2; Memphis 6.
At New Orleans-Mobile, not scheduled.

South Atlantic League.

At Macon 2; Columbia 0.

At Columbus 0; Chattanooga 4.
At Jacksonville 2; Augusta 2. (darkness.)

Virginia League.

At Roanoke 2; Portsmouth 0.
At Norfolk 1; Lynchburg 3.
Second: Norfolk 3; Lynchburg 5.
At Richmond 2; Danville 3.

Carolina League.

At Anderson 7; Greenville 6. (11 innings.)
At Charlotte 6; Winston 0.
Second: Winston 3; Charlotte 0.
At Spartanburg 4; Greensboro 6.
Second: Greensboro 3; Spartanburg 4.

Cured Hay Fever and Summer Cold.

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interefered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Robert H. Bellamy.

Forget

your troubles—take a trip to the pier. Boat leaves 5:15 P. M., 15 cents round trip. jul 1 tf

FATAL AUTO RACE

(Continued From First Page.)

tries from the next two days and it is said will probably never again enter its cars in a race.

The following cars started in the death dealing grind: Knox, (Bourque); National, (Kinkaid); National, (Merz); Stoddard-Dayton, (Miller); Buick, (Burman); Buick, (Strang); Buick, (Chevrolet); Jackson, (Ellis); and Stoddard-Dayton, (Clements).

According to the story told by Private Frank Brandoer, Company H, second regiment Indiana National Guard, who was nearest the scene of the accident and had a narrow escape from injury, something caused both men to suddenly turn and look behind. As they did so the steering wheel slipped from Bourque's hands and he threw his arms helpless in the air. Then came the crash.

One of the rear wheels was found a few hundred feet from the scene of the accident and this has led to the advancement of the theory that the axle nuts on it had not been properly tightened when the machine had taken on a new tire shortly before. The men probably felt that wheel slipping off and after they looked behind they realized the helplessness to prevent an acident.

Bourque was 26 years old and Holcomb 22. Both were unmarried.

Strang was the first to come to grief as his car caught fire before he had covered one lap.

AFFAIRS AT RALEIGH.

Teachers' Institute Work—New Lumber Company—Hospital.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 19.—Superintendent J. A. Bivins, of the teachers' training division of the State Department of Education, is just back from institutes in 30 counties the past few weeks and reports that the work in all of them this Suminer is far more practical than in the past.

The Secretary of State charters the Russell Lumber Co., Newbern, capital $15,000 for dealing in lumber and naval stores. The incorporators are C. B. Russell, W. M. Walker and others.

The State Hospital Commission is having a round of trouble in bringing about the completion of the new buildings at the Central Hospital for insane here and the Western Hospital at Morganton so that the management of these two institutions can receive the large numbers of patients for whom admission is persistently demanded. The members of the commission gathered here yesterday for the purpose of receiving from J. D. Grandy, Charlotte, the contractor, ten of the new buildings at the Central Hospital but when they went out for the inspection it was found that there are still a good many things to be done before a turn-key job is possible. So the acceptance of the buildings was called off until some time next week, probably Wednesday, when the formal acceptance will take place. Only last week they went to Morganton on a similar mission as to three important buildings there and found that they were still incomplete.

When all the buildings now in prograss at the Central Hospital here are completed 800 will be added to the capacity and, including the attendants and others connected with the institution, the population of Dix Hill, as the hospital is known, will be about 1,500. The commmission at the meeting just held here received bids for furnishing electric lights and gas and for water; also bids for installing electric plant and water plant.

MAJ. MONROE'S DEATH.

Highly Esteemed Citizen of Bladen County—Family Surviving.

(Special Star Correspondence.)

Rosindale, N. C., Aug. 19.—Maj. J. Monroe, whose death was announced in this morning's paper, was born in Cumberland county and came to Bladen just after the Civil War. At an early age he enlisted in Co. K, 18th N. C. Regiment and was made major of his company but on account of feeble health, was sent home as a home guard and was several times honored by the citizens of his county to high positions of trust. Maj. Monroe was a devout member of Mt. Horeb Presbyterian church and was for many years superintendent of the Sunday School there. In early life he married Miss Fannie Cromartie, who preceded him to the grave only a few years ago. From this union he leaves two sons and three daughters, Mr. C. Monroe, of Rosindale; Mr. N. E. Monroe, of Lewiston; Mrs. T. H. Gillespie, of Sumptra, Fla.; Mrs. T. R. Whitted, of Tar Heel, and Miss Katie Monroe, of Rosindale. These with one sister, Mrs. F. E. Patrick, of Kinston, and a host of friends mourn the loss of this genial Christian gentleman.

BREESE-DICKERSON BANK CASE.

Former Borrowed Money From Bank While It Was Borrowing.

(By Wire to The Morning Star.)

Asheville, N. C., Aug. 19.—The conclusion of Major Breese's cross-examination and the appearance on the witness stand of J. E. Dickerson, were the features of the proceedings in the Breese-Dickerson bank case today.

The cross-examination of Major Breese was for the purpose of showing that at a time when the bank itself was borrowing money Breese was borrowing from it, and when he profited by the investment of such moneys he did not put the proceeds into the bank to remain, but again used them.

J. E. Dickerson went on the stand at the opening of the afternoon session and explained the Baptist church note matter, the loan from Purefoy and the Taylor deal, and told of notes of some of the alleged insolvent makers, such as Leonard, being in the bank as early as 1891, and that there were approved by an examining committee and directors.

The cost of getting a new boarder is not often greater than the cost of one insertion of a Business Local. Sometimes two or three insertions are needed.

Saturday shoe day at Rehder's. **

PAPER FOR MONY.

Extreme Care and Secrecy Ud In Its Manufacture.

The various great nation devote much study to the improvment of their secret processes of manfacturing paper for money and biknotes, the principal object being, of course, to render counterfeiting more and more difficult.

Our own government guars with extreme care every detail of te manufacture of this paper, laying special importance upon its secret of retting silk thread into the compositio of the paper itself.

The efforts of this governmer, however, are not nearly so painstaing as those put forth in making the flimsy paper used for Bank of England notes, which are probably the best paper money in the world. These nces are manufactured from fine rish linen, and the peculiar properties of the Test water (so called from the river of that name) produce paper of a purity and texture unsurpassed. The secret of the security of the Bank of England note against forgery and counterfeiting is said to be entirely in the paper itself and not in the printin.

In addition, the notes sho a watermark so cleverly devised tt an expert from the mill can tell b a glance at the date of manufacture the very name of the employee who made it. The watermark is produced y a design countersunk in the woen wire bottoms of the trays in whic the hot paper pulp is poured and drie It has never been successfully imitaed.

Extraordinary precautions re taken for the security of the mill wire these notes are made, as well as everything in the mill. There is, course, a staff of police constantly i attendance and a private wire to pole headquarters, nine miles away.

The watchmen who patrol he mill corridors every night must pass at each quarter of an hour clocks of wonderfully ingenious construction the revolving dials of which are pierced with holes, which at the precise moment the watchman is due before them pass over a slot. The watchman pushes through a peg he carries, and te clock ticks on. Should he not present himself at the moment scheduled or him to appear, however, the timepice immediately sounds an alarm.—New York Tribune.

ARAB SCHOOLS.

Their Peculiar Methods In Taching and Studying.

"An Arab school," said a traveler, "is one of the most interesting places in Cairo to visit. The children with the schoolmaster, sit upon the floor or the ground in a semicircle, and each has a tablet of wood which is painted white and upon which the lessons are written. When the latter are learned they are washed out and replaced by other lessons.

"During study hours the Arab schools remind one of the Chinese, for the children all study aloud, and as they chant they rock back and forth like trees in a storm, and this movement is continued for an hour or more at a time. The schoolmaster rocks back and forth also, and altogether the school presents a most novel appearance as well as sound. Worshipers in the mosques always move about while reciting the Koran, as this movement is believed to assist the memory.

"The desks of the Arab schools are old contrivances of palm sticks, upon which is placed the Koran or one of the thirty sections of it. After learning the alphabet the boys take up the study of the Koran, memorizing entire chapters of it until the sacred book is entirely familiar.

"A peculiar method is followed in learning the Koran. The study begins with the opening chapter, and from this it skips to the last. The last but one is then learned, then the last but two, and so on in inverted order, ending finally with the second chapter.

"During the student's progress it is customary for the schoolmaster to send on the wooden tablet a lesson painted in black and red and green to the father, who returns it after inspection with a couple of plasters pasted upon it. The salaries of the schoolmasters are very meager indeed."—Washington Herald.

Honest Answer.

The stories told of Snetzler, a famous Swiss organ builder, prove that he was a man of rare and incorruptible honesty. At one time the parish officers of a country church applied to Snetzler to examine their organ and make improvements in it.

"Gentlemen," said Snetzler after a careful examination of the instrument in question, "your organ be wort £100 joost now. Vell, I vill spend you £100 on it, and it shall den be wort £50!"—London Graphic.

Those Elaborate Defenses.

"Would you shoot a man who assailed your veracity?"

"No," answered the peaceful citizen. "I'd rather take a chance on his personal opinion than to go before a jury with a story that might convince the general public that he was right."—Washington Star.

Pretty Light.

"I'll have to ask you to pay in advance," remarked the hotel keeper.

"Isn't my luggage good enough security?"

"I fear it is a little too emotional."

"Emotional?"

"Yes; easily moved."—London Mail.

Wanton Waste.

The Nurse—You've been badly hurt. The Victim—Whatcha gointer do ter me now? The Nurse—Rub you with alcohol. The Victim—Gee, I wisht I'd been turned inside out!—Cleveland Leader.

Silent Lies.

There are silent lies in addition to those spoken aloud. And these are equally despicable. Living a lie, turning life into a deceptive machine, is not only demoralizing, but it is always a confession of weakness. The strong, balanced mind does not resort to subterfuge. It can afford to be transparent, open, because it is conscious of strength and does not need to hide anything. Great minds are open to the light, with no dark corners. With them nothing is hidden or veiled. Everybody is afraid of the opaque mind—the mind that acts in the dark, underground. Nobody trusts the man who is always covering his tracks. We all love a transparent mind.—Exchange.
